THINK ITALIANS WILL COME BACK

American Delegates Confident Delegation Will Return to Conference, Headed by Orlando

DECISION TO BE MADE IN ROME

Officially Announced Japanese Question Has Been Settled by Compromise Being Reached

(By United Press.)
Rome, April 30.—Premier Orlando declares that Italy bases her claims on right of self-determination the people of Fiume having proclaimed their town united with Italy. He said that "as long as dissonance continues, peace is impossible." "Peace must be general or it will not be peace," he said.

Paris, April 30.—The Italians will decide today whether they will return to the peace conference, according to advices received at Italian press headquarters here.

Reports have been circulated that in case the Italians do come back, they will be headed by former Premier Lazzari, but press headquarters appeared certain that Premier Orlando would resume leadership if they decided to return.

American officials were quiet confident that Orlando would be back. Considerable significance is attached to the fact that many Italian representatives here have been trying to find out of the Americans as to whether the United States would favor conferring mandate for Syria upon Italy if they return and accept the compromise on their Adriatic claims.

The Japanese question has been settled, it was officially announced this afternoon.

While the details were not announced it was understood a compromise was reached whereby Japanese will retain temporarily her valuable rights in the Shantung peninsula, permanent ownership of which will be determined after the peace treaty is signed.

The American tendency was to recognize China's claim, as the German seized the territory in question.

VOTE OF CONFIDENCE IN PREMIER ORLANDO

Italian Officials Approve Withdrawal of Its Delegates From The Peace Conference

PASS INITIATIVE TO ALLIES

(By United Press.)
Rome, April 30.—Italian officials approved last night the withdrawal of its delegates from the peace conference. Following Premier Orlando's speech outlining the stand he had taken in Paris, the chamber of deputies voted confidence in his ministry, only the socialists dissenting.

There was some speculation as to the government's next move. Some observers held however that the initiative has now passed to the allies.

A statement handed to Orlando by President Wilson on April 14, was published here today. It reiterates the president's desire for the "utmost justice to Italy" but declares he did not feel at liberty to suggest a "peace for Germany and another for Austria." Wilson declares the fourteen points must be applied to all, especially since all had agreed to them. The statement revealed that Wilson proposed the Island of Lissa be ceded to Italy and that she retain the port of Ancona.

GLAD HAND MAY 7

Indiana Will Welcome Soldiers Home on Next Wednesday

(By United Press.)
Indianapolis, April 30.—May 7, next Wednesday, is to be the day Indiana will extend the glad hand to her war heroes.

According to the present railway schedule, the 150th Field Artillery, Rainbow division will leave Camp Merritt, May 5 and will arrive here on the 7th.

Its arrival will be the signal for the great "welcome day" celebration, which has been planned in detail during the past few weeks.

KEEPS UP PACE SET THIS WEEK

Rush County Adds \$50,000 More to Victory Bond Total. Putting End of Campaign in Sight

SUBSCRIPTIONS NOW \$600,000

One More Township Reports Today. Making Amount Sold by Cancellers \$89,300

Rush county is still maintaining the pace set the first of this week by adding \$50,000 to its Victory loan subscriptions daily. Sales to this amount were made yesterday, according to the reports from the thirteen banks in the county this morning, which showed subscriptions actually made now total \$600,000.

The county is today only \$225,000 short of its quota and there is every reason to believe that if the township workers, who are beginning to show results, continue at the same rate as they have been going this week, a hundred percent subscription can be announced by Saturday night.

Townships which yesterday appeared to be below the general average, today spurred and were close to the mark set by other townships earlier in the campaign. No reports have yet been received from Richland township, but it is presumed that the township solicitors have sold some bonds and that the sales are being sent direct to the banks where the subscribers do business.

Sales by township workers today amounted to \$89,300, these figures being based on reports received by T. M. Green, county director of sales. One new township reported today, Center, from which no word has previously been received by Mr. Green. This township announced that bonds amounting to \$9,300 had

MARION AND VIGO ARE ONLY COUNTIES BEHIND

Total for Indiana Section of Seventh Federal Reserve District Today is \$47,869,550.

MONEYED INTERESTS LAGGING

(By United Press.)
Indianapolis, Ind., April 30.—Marion and Vigo counties are practically the only ones lagging in the Victory Loan campaign, in the Indiana section of the seventh federal reserve district, it was announced today.

In many of the other counties the loan is growing big with the exception that moneyed interests are failing to subscribe in many instances.

The total for the 68 counties in the seventh federal district was \$47,869,550 today.

The whippet tanks, which has been tearing Indiana, will come to Indianapolis in a body next Saturday for giant demonstrations.

EXHIBIT OF WAR RELICS POPULAR

Thousands of People View Trophies Captured by American Fighters on European Battlefields

TRAIN HERE TILL 11 A M TODAY

Fifteen Soldiers Accompanying Display All Suffered From Wounds of Gas During Fighting

Thousands of people literally "swarmed" to see the war relics gathered from the battle field of Europe, which arrived here on a special train this morning from Indianapolis at 6:45 o'clock and left at 11 for Liberty where the exhibit was to be on display this afternoon. The train will return to Connersville tonight and will pass through Rushville in the morning enroute to Lawrenceburg for the next stop.

The fifteen soldiers and two civilians, Colonel Hope, a former army officer, and H. R. Story, were entertained at breakfast at the Sealand hotel by the local committee. The usual speeches were dispensed with and the crowd was allowed to press at will through the baggage car to view the relics, all of which were explained by placards. A score of local Boy Scouts guarded the train while the men with the train were at breakfast.

The fifteen soldiers accompanying the train have all been "through the mill." Each one was picked from a different regiment at Camp Grant, Illinois, for the tour through Indiana and all were either wounded or gassed while fighting overseas. One youthful looking soldier, who is now only eighteen years of age and has seen two years of service, is the life of the party even though he is carrying five German machine gun bullets around in his right leg.

All of the small relics are fastened down so that they can not be easily carried away. Colonel Hope said that no trouble had been experienced with thieves and souvenir hunters, except at Tipton Sunday night, where a hand grenade was stolen. An alarm was immediately sounded because it happened that the stolen grenade had never been fired and it was feared that some innocent person might be hurt. Col. Hope said the grenade had not been found when the train left there.

All of the German war trophies are just as they were when removed from the battle field. No attempt has been made to clean or shine them up. The big implements of war loaded on three flat cars seemed to attract the most attention. One which aroused much curiosity was a big German 75, the barrel of which was splintered about a foot from its mouth, presumably by the premature explosion of a shell.

The Rushville schools were dismissed during the morning and all of the children were given an opportunity to see the exhibit.

GUARD AT LINTON WILL BE REMOVED

Militia Called to Quell Disorder to Leave Following Agreement to Arbitrate This Afternoon

STRIKERS GO BACK TO WORK

Representatives of Labor Union, Manager of Phone Company and Conciliation Board Meet

(By United Press.)
Indianapolis, Ind., Apr. 30.—Word was received here late this afternoon that the militia will be removed from Linton.

The four guard companies have been patrolling the streets there during labor demonstrations brought about by a strike of eight Linton telephone girls for higher wages and shorter hours.

Indications that martial law would be lifted and the militia withdrawn, were seen this morning when Adjutant General Smith told Governor Goodrich over the telephone that the situation was clearing rapidly and that he believed there would be no need for the troops after the governor's "peace commission" met with business men, telephone officials and representatives of the strikers.

Linton, Ind., April 30.—Eight union telephone operators whose strike for recognition and higher wages, threw the town in a turmoil of a sympathy strike and caused a declaration of martial law, were permitted to resume their duty today pending arbitration.

This was decided at a meeting called between representatives of the Central Labor union and Frank Wampler, general manager of the Central Union Telephone company, and a commission of conciliation, appointed by Gov. Goodrich. The commission went into session with opposing factions this morning and the meeting continued until this afternoon.

The militia was still confined to the barracks, and Adjutant General Smith, military commander, was hopeful that an adjustment would be made soon, permitting their withdrawal.

There are no disturbances now, Adjutant General said, and added that the town has been quiet since the demonstration, Monday and Tuesday.

Charles Fox, president of the Indiana Federation of Labor, whose home is at Terre Haute, and Charles A. Greathouse and L. C. Huesmann, both of Indianapolis, are the mediators appointed by the Governor. The local union committee named to confer with them includes William Mox, president of the Central Labor Union; J. L. Sims, secretary; Jack Smith, treasurer, and Jesse E. Wiseman, attorney for the union.

Governor Goodrich's proposal was

Continued on Page Six

TO ELECT THREE DIRECTORS

Guarantors of Chataqua Association to Meet Next Tuesday

The report of the auditing committee was received at a meeting of the directors of the Rush County Chautauqua association last night, and Tuesday, May 6, was set as the date for the annual meeting of the chautauqua guarantors to elect three new members of the board whose terms expire this year. The directors whose places will be filled are T. M. Green, Dr. D. H. Dean and F. E. Wolcott. The meeting of the guarantors will be held in the evening at T. M. Green's office.

NEW SALEM BOY IS HELD FOR FORGERY

Ernest Pitman, 19, in Greensburg Jail Awaiting Investigation of His Check-Writing Activities

ARRESTED BY JOHN F. M'KEE

Obtains \$75 on Bogus Paper at Clarksburg Bank and General Store—Money Not Recovered

Ernest Pitman, age nineteen years, son of William Pitman, living east of New Salem, is being held in the Decatur county jail at Greensburg awaiting an investigation of forgeries he is alleged to have committed at Clarksburg.

Pitman, who was arrested Monday evening by John F. McKee, cashier of the New Salem bank and a member of the Rush County Horse Thief Detectives association, is said to have admitted to Prosecutor Holcomb of Decatur county yesterday afternoon that he passed two checks which he himself forged at the Clarksburg bank, but contends that he concealed the money in a wheat drill in the barn on the farm where he worked.

According to the Greensburg News, Pitman is accused of passing two bogus checks, one for \$60 and the other for \$15 at the Clarksburg State Bank and the Dobyns general store in Clarksburg. After his arrest, Pitman was taken to Clarksburg and turned over to Sheriff Beeson for commitment to jail at Greensburg.

According to the story told by the Decatur county sheriff, Pitman at noon Monday presented a check drawn on the Milroy bank and it

REPUBLICAN SENATORS REACH NO AGREEMENT

No Definite Program for Obstruction of League of Nations Though Opposition May Continue.

LODGE'S GUARDED STATEMENT

(By United Press.)
Washington, April 30.—Republican senators have not agreed to any definite program for obstruction of the league of nations as a party issue, it was apparent today. Bitter opposition to it may continue.

Senator Lodge will take the stand that he favors a league but that the present covenant is still unsatisfactory. Article 10 of the covenant is to be the target of strong attacks by the league's enemies.

Lodge's statement last night was careful in its expression on the league covenant. He did say, however, that "it is obvious that it will require further amendments if it is to promote peace and not endanger certain rights of the United States".

A movement is under way for a harmonious agreement to this program.

SURVIVOR OF MANY BATTLES SPEAKER

Private Asa J. Smith of Famous Second Co. of Marines, Delivers Commencement Address

TALKS TO NEW SALEM CLASS

Describes How Only 27 Americans Held Town Which Germans Could Have Taken at Any Time

Diplomas were given to four graduates of the New Salem high school at the commencement exercises held there last night. Those graduating were the Misses Myrtle Sefton, Bertha Moore, Helen Jinks and William Hardwick. Private Asa J. Smith, formerly a member of that famous Second Company of Marines who were among the first to meet the Germans and who covered themselves with glory at Chateau Thierry and the Belleau Woods, gave the address of the evening.

In relating his experiences while in service, he did not touch upon personal happenings but told the story as the whole company saw it. In describing the fighting at Chateau Thierry, he told how a French colonel had commanded their captain to retreat when it was rumored that the Germans would be in the village they were holding at any moment. The captain's answer surprised the colonel when he stated, "We are Yanks. We fight and hold." That was the spirit of the whole army, stated the speaker. He said that that night there were only twenty-seven men holding the town and it would have been an easy matter for the Germans to have taken it if they had only known the condition of the troops. Before morning they were reinforced by almost a battalion, the speaker stated.

Private Smith praised the Red Cross men and women for their heroic service to the wounded under actual shell fire and during the mustard gas attacks, he said, the Red Cross workers would walk right into the gas although they were aware of the ill effects of the burns. The mustard gas, he declared was not like the ordinary gas but was more severe, being in the form of a vapor from which clothes were not protection as it was like a heavy mist and when it reached the flesh, it did not kill instantly but perhaps the one burnt might die five or six weeks afterwards. Private Smith said that this death was one of the most painful that anyone could possibly suffer.

He also praised the ambulance drivers for their gallantry under fire, and also the many other men and women who took an active part. The German Red Cross, he stated, was the only "white" branch of the enemies army. He asserted at times when they had an American wounded, they would signal for the Americans.

HOW TO DECORATE STORE WINDOWS

The best things to put into a store window are goods the public likes.

Articles advertised by the manufacturers in this newspaper represent household names in which people have confidence.

It adds to the character of your store to let your customers know you sell these products.

So put them in your windows, Mr. Merchant. More business will be your reward.

Catarrh is a Real Enemy and Requires Vigorous Treatment

Do Not Neglect It.

When you use medicated sprays, atomizers and douches for your Catarrh, you may succeed in unstoping the choked-up air passages for the time being, but this annoying condition returns, and you have to do the same thing over and over again. Catarrh has never yet been cured by these local applications. Have you ever experienced any real benefit from such treatment?

Throw these makeshift remedies to the winds, and get on the right treatment. Go to your drug store to-day, get a bottle of S. S. S., and commence a treatment that has been praised by sufferers for nearly half a century. S. S. S. gets right at the source of Catarrh, and forces from the blood the germs which cause the disease. You can obtain special medical advice regarding your own case without charge by writing to Medical Director, 22 Swift Laboratory, Atlanta, Ga.

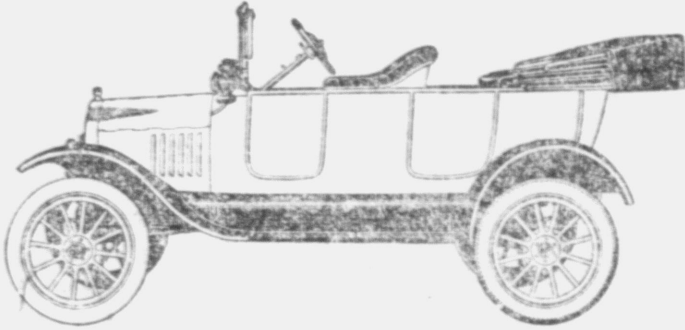

Ford

THE UNIVERSAL CAR

The Ford Model T One Ton Truck is really the necessity of farmer, manufacturer, contractor and merchant. It has all the strong features of the Ford car made bigger and stronger. It has the powerful worm drive, extra large emergency brakes acting on both rear wheels and controlled by hand lever, 124-inch wheelbase, yet turns in a 46 foot circle, and has been most thoroughly tested. We know it is absolutely dependable. We advise giving your order without delay that you may be supplied as soon as possible. The demand is large and first to order first to receive delivery. Leave your order today. Truck Chassis \$550 f.o.b. Detroit.

IN THREE OF BIG BATTLES

H. R. Fritter, Former Company B
Boy, Visits His Aunt Here

Harry Raymond Fritter arrived home last week, having been discharged from the military service at Camp Taylor, Ky., which place he reached in March after several months overseas. He is the nephew of Mrs. Raymond Hargrove and is visiting here at present. Fritter was a member of old Company B of this county but was transferred to the heavy artillery of the First Division, which saw service at Chateau Thierry, the Marne and at Belleau Woods. He was taken from the front early last fall suffering from the influenza and rheumatism. He received treatment in France and also in the States in the base hospital at Camp Taylor.

Iowa is the corn state. She grew 402,147,000 bushels in 1918. Illinois was next.

RECEIVES WORD THAT HER HUSBAND LANDED

Mrs. Neff Ashworth Gets Letter
From Husband, But no News
From Russell Kirkpatrick

IS BELIEVED HE DID NOT SAIL

Mrs. Neff Ashworth received a letter this morning from her husband stating that he had landed in New York Monday on the Freedom with Base Hospital No. 32. Mr. and Mrs. Samuel Kirkpatrick, living north of the city, have no word from their son, Russell Kirkpatrick, an enlisted man with the unit and they are of the opinion that he did not sail because of a statement in a New York dispatch that a few of the enlisted men were left behind, because the transport was overloaded.

Definite word has been received that the hospital unit will participate in the Welcome Home day events in Indianapolis. The parade is expected to be one of the largest in the history of the state as there is expected to be 30,000 men in line, making a parade extending over forty-eight squares. Following the parade it is stated that the base hospital unit and the 150th Field Artillery will be sent to Camp Taylor, Ky., for demobilization.

FIRST WORD IN 3 YEARS

Shelbyville, Ind., April 30.—Carl Gartner of this city has received the first word in three years from his relatives in Germany. A person in Rotterdam, Holland, sent Mr. Gartner a postal card which said that his father, sister and two brothers in Germany are well. Mr. Gartner was a supporter of America in the war.

PASS BILLION MARK TODAY

Sales of Victory Loan Notes Only
Fourth of Minimum

(By United Press.)

Washington, April 30.—Officials reported today that the sales of Victory notes had passed the billion dollar mark.

This total is more than one-quarter of the minimum for the country and today marks the end of one-half of the campaign, so it is apparent that extra effort will be required to reach the goal, it was pointed out at headquarters here.

INJURED MAN RECOVERING

Elmer Murphy, of Richland, who was seriously injured yesterday while blowing stumps was reported to be in an improved condition today. It is thought that he will be fully recovered in a few days.

CONTEST FOR COUNTY PLACE

Stated W. S. Conde Will Oppose J.
E. Miller For Attendance Officer

It was announced today that there would be a contest for the place as county school attendance officer, which is held now by James E. Miller, when the county board of education meets tomorrow. It is stated that W. S. Conde has been making a quiet campaign among the township trustees, who comprise the board, in an effort to be elected attendance officer. Mr. Miller has held the position for several years. The trustees also will make a report tomorrow on the enumeration of persons of school age.

—William T. Moore of near Andersonville was a business visitor in Indianapolis this morning.

—James Worth arrived here yesterday afternoon from Joplin, Missouri, for a visit with relatives.

—Hubert Spelman of near New Salem was among the visitors here this morning to see the war exhibition train.

—Miss Carrie Downey has returned to Indianapolis after spending the week-end in this city, the guest of her parents.

—The Rev. and Mrs. C. S. Black of this city left yesterday for Pennsylvania on account of the illness of Mr. Black's father.

—Harry Ray and Lawrence Hyatt of Milroy motored to New Salem last evening and attended the commencement exercises there.

—Mr. and Mrs. Lon Lums of Milroy arrived home last night from a several weeks' trip through Oklahoma, Missouri and Nebraska.

—Mrs. James Brown, who has been visiting relatives in this city for a few days, returned to her home in Laurel this morning.

—Mr. and Mrs. Frank Dean of near Sandusky were the guests of Mr. and Mrs. N. O. Sefton and family of near New Salem last evening.

—Elgar I. Higgs of Greensburg will visit relatives here over night

Mrs. Higgs and family have been here at the bedside of her mother, who has been sick.

—Mrs. Clarence Downey and children who have been visiting relatives in this city for a few days, went to Osgood yesterday for an extended visit before returning to their home in Akron, Ohio.

THINK ITALIANS WILL COME BACK

Continued on Page Three
by force, but it was later deemed advisable to favor a compromise, so as to dispose of the matter quickly and not delay peace with Germany.

Disquieting reports were received from Italy today. The conferences between Premier Orlando and American Ambassador Page are understood to have been not entirely satisfactory. Anti-American demonstrations were reported in Trieste and a crowd is said to have gathered in front of the Y. M. C. A. and demanded that the American flag be hauled down.

Regret for the incident was expressed later.

NEW SALEM BOY HELD FOR FORGERY

Continued from Page One

Cashed by Cashier Brock of the Clarksburg bank. The check was for \$60, was payable to Chester Taylor of this city and bore the forged signature of Albert Capp, who lives south of Rushville. A second check drawn on the same bank and calling for \$15 was cashed at the Dohy's store where it was tendered after Pitman purchased a shirt. This check was payable to Ed Beeraff and was presumably signed by Elbert Pool of Milroy.

Trustee Brock's suspicions were aroused shortly after Pitman left the bank, and getting Mr. Capp on the telephone, he learned the check was a forgery. Shortly afterward it developed that the second check had also been passed in the town.

Pitman will talk but little of the transaction, but said that all the money he obtained on the checks was still intact, he having cast it into a wheat drill at the barn on the place he was staying.

Officers searched the premises for an hour or so but failed to discover the missing money. Indications are that others are implicated in the forgery and it is apparent that Pitman, instead of hiding the bills, gave them into the hands of another party to keep. Officers are gradually becoming in possession of evidence that will likely lead to other arrests before many hours.

Pitman declares that he was in the barn when Cashier McKee and posse approached and it was then he tossed the bills into the wheat drill. He says the money is in twenty, ten, five and one dollar bills. Sheriff Beeson took \$8.75 from him but Pitman says this is not a part of the \$75 obtained on the forged checks.

In his search of Pitman, who had on a pair of rubber boots and silk socks, Sheriff Beeson found a dozen blank checks on the Milroy bank, which nearly rolled, had been concealed by the young man next to his skin and in one of the legs of his undergarments.

Learn Prohibition Pays

Many Indiana towns and cities are just now learning for the first time, since the state has been dry for a year, that prohibition pays in more ways than one. Motion picture exhibitors have been the first to acknowledge that prohibition pays from a business standpoint. Business men in other lines, too, have learned that money which, during the reign of the saloon, went for booze, is now being spent for merchandise and laid away in the savings banks for a rainy day.

Many towns and cities in the state knew years ago that it pays in many ways to be dry, not only for business reasons but for many others. It required a long time for the small towns larger brothers to learn what they have known for a long time.

The Richmond Palladium comments on the fact that the first tangible evidence of the effects of the closing of the saloons has been adduced by the motion picture exhibitors at their recent session in New York City when it was shown that their business had increased from 25 to 50 percent directly attributable to the advent of prohibition. The Palladium quotes an Indiana exhibitor as follows:

"In our state which has been dry for a year, business has been the biggest throughout the state that the picture men have ever experienced and I believe that part of it is due to prohibition. I was an exhibitor a few years ago when we had county and local option and I noticed that in a dry town our business was very big, due to the fact that there were no saloons open and that seems to be the opinion of exhibitors in dry towns."

The Palladium comments on the opinions of a number of exhibitors from various states attending the

VETERAN FORESTER IS HONORED

The state of Pennsylvania on its arbor day planted 80 trees in honor of Dr. J. T. Rothrock, who reached the age of eighty on April 9. Doctor Rothrock, one of the vice presidents of the American Forestry association and for 20 years head of the Pennsylvania association, is known as the "father of forestry in Pennsylvania."

convention, and then closes as follows:

"What holds true of the motion picture business is true in a certain degree of other lines. There has been no falling off in business in the last year in Richmond. In fact, merchants say that business has never been better and the police records show that arrests never have been fewer. The money which formerly was spent for liquor is either going into the savings banks or is being used for the purchase of merchandise."

Little enthusiasm for the league of nations draft is found in the French press, according to Paris dispatches. No one seems to be shouting themselves hoarse over it on this side of the water.

No one ever imagined that eight innocent telephone girls could stir up such a turmoil as exists in Linton.

We all hope that if either Hughes or Taft sits on the tribunal which is to try Wilhelm, they will not allow their prejudice to sway them.

The president and postmaster general are dropping the telephone and telegraph lines as if they had been burnt.

Premier Orlando believes when in Rome, one should do as Romans do.

It's a question as to where Indianapolis is going to put that crowd on Welcome Home day.

Sap and Salt

By BERT MOSES.

When you feel sick, stop eating, and you will be half cured.

The quickest way to spoil a boy is to get him into a "soft job."

There is no disgrace in being down, but there is if you stay there.

The best way to run your business is to let other people run theirs.

Hez Heck says: "Some men go from bad to worse, and from worse they go into raising poultry."

In spite of repeated failures, every now and then somebody tries to knock down a telegraph pole with his auto.

There is neither hope nor salvation for the man who, to be consistent, will not change his mind when he knows he is wrong.

ENLISTMENTS INCREASE

Washington, April 30.—Continued increase in the number of enlistments resulting from the War Department's call for 50,000 overseas volunteers was shown today in the official report for the week ending April 19. A total of 5,482 recruits were recorded, bringing the grand total to 17,020.

The first submarine boat was test-fired in Plymouth harbor, England, in 1774.

When You Need a Truck

What one are you going to buy? Are you going to buy the one that conservative business men buy or are you going to buy the one that some purchasing AGENT of the government bought without considering whether it was right or wrong. UNCLE SAM paid the freight on all government trucks. But when a highly successful corporation, that was spending their own money that they had made themselves, knew that the government would need GASOLINE delivered to their various camps all over the country and that failure to deliver this gasoline at the right time meant the possible loss of some of our brave boys—WHAT DID THEY BUY TO DELIVER THE GOODS?—

"INTERNATIONAL TRUCKS"

—because they knew that they had never failed to do what they were built to do. There is a difference between SPENDING your own money and money furnished by the government and wide awake business men buy what they KNOW is right. That is what the STANDARD OIL COMPANY did when they bought INTERNATIONAL TRUCKS. They KNEW what was the best and bought them. I want to demonstrate an INTERNATIONAL to every MAN that wants a truck. For they are the ones that one can absolutely depend on—without saying anything about International Service or that repairs and expert service are always obtainable at Richmond in THREE HOURS time. It makes no difference what truck you buy, you will need repairs and expert service sooner or later. That is what we are going to give you when you want it without any delay. WATCH the Standard Oil Company TRUCKS. You can see them on the streets every day. When you buy, BUY one that you can use every day, and not in the repair shop all the time. I will gladly demonstrate the INTERNATIONAL to you at any time.

EARL CURZON

It is understood in London that A. J. Balfour, secretary of foreign affairs, will retire from the cabinet at the close of the peace conference and that Earl Curzon, now president of the council, will succeed him.

Digest of New Indiana Laws

By Charles Kettleborough.

SHERIFFS—The charge for boarding prisoners confined in county jails and in the charge and custody of the county sheriffs was increased from 40 cents to sixty cents per day, and sheriffs are likewise entitled to receive from the county treasury all federal war taxes heretofore or hereafter paid on railroad transportation.

TO "LAY OUT" FINE

Willard Bennett was fined \$1 and costs in police court this morning when he pleaded guilty to public intoxication. He went to jail to "lay out" the fine.

A TESTIMONY FROM A USER OF

Acme Pig Meal

"Loogootee, Ind., Feb. 26, 1919.

"Gentlemen:—My 8 pigs were 6 weeks old, and weighed 168 pounds when I commenced to feed them ACME PIG MEAL, equal to milk. These 8 pigs ate 100 pounds of ACME PIG MEAL in 24 days, and they weighed 258 pounds, making a gain of 90 pounds in 24 days, or 11 1/4 pounds per head in 24 days, or nearly a half a pound a day per head. This I consider a good gain for winter pigs 6 weeks old.

"Yours very truly,

"WM. SULT."

P. S.—You will notice that these pigs ate on an average of 15 pounds of ACME PIG MEAL per month per head, and that their gain for a period of 30 days would amount to 14 pounds and 6 ounces, and that the cost of this gain and growth was \$5.07 for each 100 pounds. I contend that there is no other ration that would produce an equal growth on weaned pigs at this cost.

Local Agent — Phone 1506

Before You Buy a TRUCK

We ask you to seriously consider the NASH TRUCK, which was probably used more extensively by the United States Government than any other kind.

If Uncle Sam depended upon NASH TRUCKS, which were adapted by the Marines and used under the most severe battles which the Marines endured, isn't that sufficient reason to lead one to believe that the NASH is the most dependable truck on the market?

We want to demonstrate a NASH TRUCK to every prospective truck buyer in Rush County. Let us demonstrate to you alongside any other truck in a gravel pit or thru mud or sand or any place you desire.

We probably have the only truck in the county which has been used extensively on country roads that has not been stalled in the mud or sand.

Let us show you a truck that will go practically anywhere. We can give most service with least expense.

Our "M & S" interlocking device which prevents spinning of either wheel and our big pneumatic tires solve the problem.

LET US CONTRACT TO DO YOUR HAULING.

Amusements

Constance Talmadge Tonight

Constance Talmadge in "Who Cares," is the offering at the Princess theatre tonight and Thursday and Friday Marguerite Clark in "Mrs. Wiggs of the Cabbage Patch" will be shown.

Fourteen years ago Hugh Ford was recognized as one of the ablest directors on the legitimate stage. In this capacity he produced "Mrs. Wiggs of the Cabbage Patch," both in this country and in London, and the play, by Ann Crawford Flexner which was a dramatization of the novel by Alice Hegan Rice was most successful and held the stage for many years.

"Mrs. Wiggs of the Cabbage Patch," has now been pictured for Paramount by Hugh Ford with Marguerite Clark, the beautiful Paramount star, in the stellar role. Miss Clark appears as Lovely Mary, that delightful creature whose pranks in the story won her so many juvenile admirers. The picture is a remarkable one in many respects, its situations being dramatic and its heart appeal to old and young alike, irresistible. The adaptation was made by Eve Unsell with splendid effect, and the supporting cast is of the highest class.

Mary Miles Minter at Mystic

The mere mention of the fact that

Mary Miles Minter is to be shown at the Mystic theatre today in a new comedy drama, is sufficient notification to movie fans to prepare to be present.

Mary Miles Minter without a doubt is one of the most popular girls of the silent drama. A new vehicle in which she will be presented here is entitled "The Eyes of Julia Deep," a five reel comedy drama produced by the American Film Co., Inc. Movie fans love Mary Miles Minter on the screen, but many of them do not know what she does off the screen. Listen!

She likes to knit for the soldiers. She likes to read the novels of Sir Walter Scott.

She likes to drive her own car up and down the hills of sunny California.

Best of all, she likes all letters of encouragement she has received from hundreds of thousands of movie fans in all parts of the world.

Tomorrow Private George Hall and company will give the story of the battle of St. Mihiel, together with a picture of many of the battles over there.

SURVIVOR OF MANY BATTLES SPEAKER

Continued from Page One
erican Red Cross to come and get the man, and that it was always with a suspicious feeling that the driver went forward to bring the man back. The former marine declared that many times the Germans would shell the driver on the way back, thus destroying the ambulance as well as killing the patient.

Private Smith closed by making an appeal to all to learn that war was unnecessary, appealing to the teachers and those who had anything whatever to do with educational lines so to instruct the pupils that war should not be fought again.

Supt. C. M. George gave a short talk and presented the diplomas, after which the benediction was given by the Rev. Earl George of New Salem. Music was furnished by Cole's orchestra of Rushville.

LABOR CLAUSE ANNOUNCED

Declares For Right of Organization And Eight Hour Day

(By United Press.)

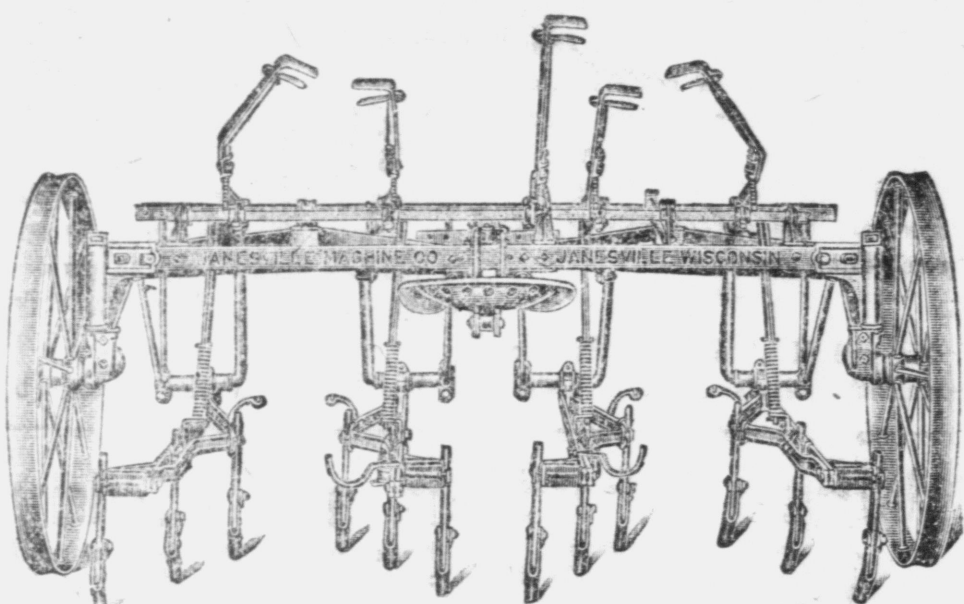

Washington, April 30.—The labor clause adopted by the Paris conference for insertion in the peace treaty, were announced by the state department today.

The clause declared that the well being of wage earners is of supreme international importance and declared for the right of organization by labor, an eight hour day and equal pay for women and men, among other reforms for which labor has fought.

SEARCH FOR MRS. MORGAN

Marion, Ind., April 30.—Search was made last night for Mrs. Lulu Morgan, widow of Tom M. Morgan, a veteran newspaper man, who died a few weeks ago. Mrs. Morgan disappeared from her home at noon today. Fears are felt for her safety, as relatives have no idea as to her whereabouts.

Janesville Two-Row Cultivator

WHEN you sit comfortably on the easy riding Janesville Two-Row, and see every plant in every row getting exactly the cultivation you want it to have, you think what a blessing it is that you have a machine to do all that work. The old timers would think so if they could see you getting over the field so rapidly, and doing the work better than they ever did.

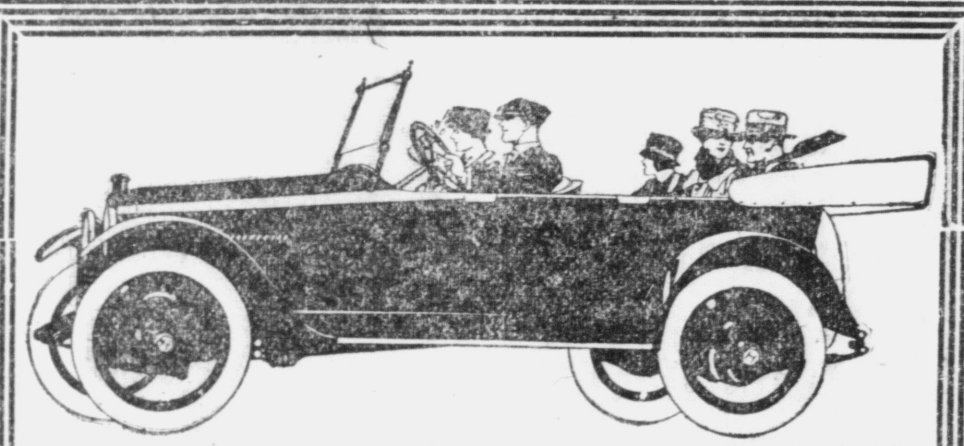

The Janesville Floating Arches solve the problem. They are hung by pendulums from the top bar and swing from side to side with a pendulum movement. You widen or narrow the gangs in the row with your feet. Or lock them at any width desired.

The shovels naturally follow the rows, but you can shift them to either side so quickly and so easily that you can hoe every hill without stopping the team.

Your own weight on the seat bars acts as a lever to turn the wheels slightly up hill—this big advantage takes the down-hill creep out of side-hill plowing. The entire machine is light, compact, flexible—no oiling needed except in wheel boxes.

Cultivate with a Janesville Two-Row—and you will forget that there ever was hard work in cultivation.

C. H. (Nick) TOMPKINS

John F. Hartle, Mgr.

Toledo, Ohio

The Willing Worker's Sunday school class of the St. Paul's M. E. church will meet tomorrow afternoon with Mrs. Elmer Griffith, 803 North Jackson street, at 2:30 o'clock.

Mrs. John A. Lee entertained the members of the S. E. T. club yesterday afternoon at her home in North Harrison street. After the social hours, which the guests spent over various kinds of fancy work, the hostess served light refreshments.

Mr. and Mrs. Chase Manzy entertained a number of their friends last evening at their home in North Main street, with a prettily appointed dinner party. The table was decorated with a large bouquet of carnations and covers were laid for twenty-four guests.

Mr. and Mrs. John Knecht were pleasantly surprised at their home in

North Main street last evening by a number of their friends. The evening was spent socially, after which refreshments of ice cream, cake and coffee were served.

Mr. and Mrs. Mary Bever entertained at dinner Sunday Mr. and Mrs. Claude Neff, Mr. and Mrs. Roy Neff of Eaton, Ohio, Mr. and Mrs. Earl Bever and daughters Mildred and Louise and Mrs. Harriet Bever of New Salem.

The Woman's Foreign Missionary of the Main Street Christian church will hold their regular meeting tomorrow afternoon at 2:15 o'clock in the parlors of the church. An interesting program has been prepared for the afternoon. All the members are urged to be present.

Mrs. Jesse Poe was hostess for the Five Hundred club yesterday evening at her home in North Morgan street. The evening was spent in playing cards, at the close of which a dainty luncheon was served.

The junior's of the Orange high

school gave a reception for the seniors last evening at the home of Mr. and Mrs. Thomas Reed west of Orange. The spacious rooms were decorated with spring flowers and the evening was spent in music, contests and games. Dainty refreshments were served at the close of the evening.

A wedding which will be of interest to a great many people of this city is that of Miss Gladys Hudson, daughter of Mr. and Mrs. Robert Hudson, of Connersville and Charles Brode, of Indianapolis, which was solemnized yesterday morning in Cincinnati. Mr. and Mrs. Brode are well known in this city, having formerly lived here. They will make their future home in Indianapolis.

Mrs. Lon Havens entertained 40 members of the O. N. T. club and three guests last evening at her home in North Main street, with a two course chicken dinner. The rooms were beautifully decorated with plaes and the center piece for the table was a huge cluster of spring flowers. After the delicious repast the guests enjoyed a program of songs and recitations given by members of the club. Two of the members who were unable to be present on account of illness were sent small remembrances. The three guests were Mrs. James Brown of Laurel and Mr. and Mrs. Frank Capp.

GUARD AT LINTON WILL BE REMOVED

MACHINE RUNS INTO BUGGY

Mrs. Robert Redden Narrowly Escapes Injury in Accident

Mrs. Robert Redden narrowly escaped injury yesterday evening when an automobile driven by Dr. H. V. Logan ran into her buggy at the alley intersection in Main street between Second and Third. Mrs. Redden was turning the horse around in the street and Dr. Logan's machine struck the left rear wheel of the buggy, breaking four spokes loose. The buggy balanced on two wheels for an instant, but did not turn over. Mrs. Redden succeeded in controlling the horse and prevented it from running away. Dr. Logan apologized and said he was willing to pay for the damage done, but Mrs. Redden did not blame him in any way.

40 KILLED BY EARTHQUAKE

Washington, April 30.—Forty persons were killed, many injured and much property damage was caused by a severe earthquake in San Salvador yesterday, the state department was advised. The American legation of San Salvador, though damaged, is still standing. No Americans so far were listed among the casualties.

ENTERTAINING WOUNDED AND SICK SOLDIERS

One of the most important things in the reconstruction and rehabilitation of wounded and disabled soldiers is to keep their minds occupied and free from cares, and this is done at the big reconstruction and rehabilitation hospital at the Presidio, San Francisco. The photograph shows a boxing match held in the yard of the hospital while the wounded, seated all around, look on.

PRESERVE EGGS DURING MAY

Should be Strictly Fresh. Preferably Infertile Laid in April or May

FERTILE EGGS MAY BE USED

Those Preserved by Home Method Deteriorate Rapidly and Must Not be Put on Market

With the plentiful production of eggs during April and May, when prices are lowest, eggs should be preserved at home in order that the housewife may have a supply during fall and winter when production is low and the price is highest, usually prohibitive, it is stated by authorities on the subject.

One of two methods may be used in the home preservation of eggs: water glass or lime water. Water glass may be purchased at any drug store and should be in the pure, undiluted form when procured. It should be mixed in a ratio of one part of water glass to 10 to 15 parts of boiling soft water and allowed to cool. If lime water is used, 2 or 3 pounds of lime should be slacked in a small amount of water and then added to three gallons of water. The mixture should be roughly stirred for a day and after it has settled, the saturated liquid can be poured off ready for use.

Eggs to be preserved must be strictly fresh and should preferably be infertile eggs laid in April or May. Fertile eggs may be used but do not keep as well as those which are infertile. Metal vessels must not be used to hold the liquid, but earthenware, glass or wooden containers will prove satisfactory, say poultrymen in the extension department of Purdue university.

Eggs to be preserved may be put in the liquid "preservative" or the mixture may be poured over them. When the jar is full, there should be at least two inches of liquid above the eggs and if any evaporation takes place, water should be added. The jar should be tightly covered with an oiled or greased paper to reduce the rate of evaporation.

Eggs from these methods of home preservation deteriorate rapidly when removed from the liquid and they must not be put on the market for this reason.

MAYOR OF BIG CITY A GARDEN LEADER

Charles Jewett, mayor of Indianapolis, is an enthusiastic home gardener. He spent most of his leisure time last season in the production of good vegetables. He was a leader in the garden movement in Indianapolis, one of the strongest gardening centers in the country, according to the specialists of the United States Department of Agriculture.

The total losses annually sustained in this country by the ravages of insects is said to be \$1,554,869,300.

For Colds, Catarrh or Influenza.

Do you feel weak and unequal to the work ahead of you? Do you still cough a little, or does your nose bother you? Are you pale? Is your blood thin and watery? Better put your body into shape. Build strong!

An old, reliable blood-maker and herbal tonic made from wild roots and barks, is Dr. Pierce's Golden Medical Discovery. This "nature remedy" comes in tablet or liquid form. It will build up your body, cure your cold, and protect you from disease germs which lurk everywhere. One of the active ingredients of this temperance alternative and tonic is wild cherry bark with stillingia, which is so good for the lungs and for coughs; also Oregon grape root, blood root, stone root, Queen's root, — all skillfully combined in the Medical Discovery. These roots have a direct action on the stomach, improving digestion and assimilation. These herbal extracts in the "Discovery" aid in blood-making, and are best for scrofula. By improving the blood they aid in throwing off an attack of influenza.

Catarrh should be treated, first, as blood disease, with this alternative. Then, in addition, the nose should be washed daily with Dr. Sage's Catarrh Remedy. Send 10c for trial pkg. of Medical Discovery Tablets or Catarrh Tablets to 1 Pierce, Invalids' Hotel, Buffalo, N. Y.

PAUL M'INTOSH BACK HOME

Former Rushville Boy Reaches Camp Mills on Texan

Word was received here by relatives that Paul McIntosh, formerly of this city, had arrived on the Texan at Camp Mills, from overseas. He was with the 18th regiment of engineers and had been in service over there for about one year. His regiment will be sent to Camp Kearney, California, for demobilization and he then will be transferred to Phoenix, Arizona, the point of enlistment.

Mr. McIntosh expects to get a furlough soon, and will visit friends and relatives in this city for several days.

ONE MAN OPERATES BOTH TRACTOR AND IMPLEMENT

One Man Cultivates 20 Acres a Day with the New

MOLINE
UNIVERSAL TRACTOR
It Solves The Farm Help Problem

Due to its high clearance, 29 1/2 inches, the Moline Universal Tractor is perfectly adapted for cultivating, enabling one man to cultivate corn or other row crops, two rows at a time, at the rate of from 14 to 20 acres a day.

The Moline Universal attaches direct to the cultivator, and forms a compact unit with it that is controlled from the seat of the implement, where the operator must sit to do good work, dodging individual hills by shifting the cultivator gangs with his feet.

The position of the operator directly behind the right wheel of the tractor gives him an unobstructed view ahead. All he has to do is to keep the right wheel of the tractor a certain distance from the outside row and the whole outfit will go properly.

An electrical governor permits the engine to be slowed down to a snail's pace for turning at the ends of rows, or for cultivating the first time over.

The outfit is easily stopped, backed or turned, and does less damage in turning than horses.

The cultivator has many features which make its operation extremely easy and effective. All who have operated this outfit express surprise and delight at the ease and simplicity of operation.

Cultivating, however, is only one of all the farm operations the Moline Universal can do. It is light, but has more than enough power to pull two 14-inch plow bottoms at high speed, because all its weight is available for traction. The Moline Universal works to full capacity throughout the entire year. That's why it really replaces horses and enables one man to farm more land than was ever before possible. It is the universal tractor that does all farm work and solves the farm help problem.

There are many other features of this machine that will interest you.

ONE MAN OPERATES BOTH TRACTOR AND IMPLEMENT

SEED PLOT MEANS A BETTER CROP

Careful Selection of Potato Seed
Will Produce Double Yields
Next Year, Says Gaylord

SPRAYING IS ESSENTIAL

Harvest by Hand The Seed Plot and
Select Next Year's Seed Plot
at Digging Time

Careful selection of potato seed and use of a seed potato plot will mean double yields next year, says P. C. Gaylord, of the horticultural extension staff of Purdue University.

"Select five or ten bushels of the best potatoes from the seed stock or other lots in proportion to the size of the potato patch, taking tubers that weigh from four to six ounces, that are free from disease, smooth and as near uniform type as possible. In order to control scab, black scurf and black leg, treat with corrosive sublimate. The potatoes should then be spread out on a well lighted floor and left there until planting time.

"Seed selected in this way and especially treated may be sown separately or on one side of the field. Cut the tubers in pieces about the size of an egg, each piece having two eyes and after getting the seed bed in extra good condition, drop one piece to a hill. Cutting should be done just previous to planting.

"In order to control bugs, lice, tip burn, blight and other diseases, the seed plot should be sprayed at least five times during the growing season, the first application when the vines are four to six inches high then every ten days. Thorough spraying is essential."

Bordeaux mixture should be applied at every spraying and in this put lead arsenate or Paris green for bugs and nicotine sulphate for lice and hoppers, said Mr. Gaylord.

At digging time, harvest by hand the seed plot and select the seed for next year's seed plot, using the remainder to plant the entire tract. Growing of a seed plot each year will result in a greatly increased yield and improved quality, he said.

Benjamin Franklin said: "Gain may be temporary and uncertain, but expense is constant and certain." Buy Thrift Stamps and W. S. S.

RAISIN DAY YIELDS MANY A. E. F. HEROES

Fresno's Annual Day Will be Turned
Into a Military Pageant This
Year

TWO THOUSAND TO TAKE PART

(By United Press.)

Fresno, Calif., April 30.—Fresno's annual Raisin Day celebration will be turned into a military pageant, today in honor of the returning San Joaquin Valley heroes.

The A. E. F. veterans and other home boys who were in the military and naval World War will lead the parade. Boy scouts, high school cadets, the home guard and other local military organizations will participate.

One of the features of the day will be a competitive drill between high school cadet companies from various parts of the state. Suitable prizes will be offered.

Major Jesse E. Tarbell, of Fresno, who was decorated by the King of Italy, while fighting with the American Army in the Isonzo will be grand marshal of the parade. Major Philip H. Williams, U. S. A. will be his assistant. The U. S. N. Band from Mare Island is expected to play.

Two thousand people will participate in the pageant.

STOMACH UPSET?

Get at the Real Cause—Take Dr. Edwards' Olive Tablets

That's what thousands of stomach sufferers are doing now. Instead of taking tonics, or trying to patch up a poor digestion, they are attacking the real cause of the ailment—clogged liver and disordered bowels.

Dr. Edwards' Olive Tablets arouse the liver in a soothing, healing way. When the liver and bowels are performing their natural functions, away goes indigestion and stomach troubles.

If you have a bad taste in your mouth, tongue coated, appetite poor, lazy, don't-care feeling, no ambition or energy, troubled with undigested foods, you should take Olive Tablets, the substitute for calomel.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. They do the work without gripping, cramps or pain.

Take one or two at bedtime for quick relief, so you can eat what you like. At 10c and 25c per box. All druggists.

MANY ARE PAYING INTERNAL REVENUE

Dealers Are Paying The Taxes on
Goods Sold Between February
25 and March 1

OVER MILLION TO BE PAID

Monthly Returns Are to be Made in
The Future on All Excise Tax-
ables, It is Stated

(By United Press.)

Indianapolis, Ind., April 30.—Money flowed in the U. S. treasury today through internal revenue collectors in Indianapolis when dealers came here to pay the excise tax due on goods they sold between February 25, and the date the excise law became effective, and March 1.

Peter J. Krueger, collector of internal revenue, was hopeful that the taxes would equal the amount of \$1,000,000,000 paid in income and excess profits taxes on March 15.

Among the articles on which taxes were to be paid today were motor trucks, automobiles, accessories, musical instruments, candy and chewing gum, sporting goods, cameras, firearms, hunting weapons, electric fans, thermos bottles, smokers articles, slot machines, liveries, hunting and riding habits, articles made of fur, pleasure yachts and motor boats, toilet soaps, sculpture, painting and works of art.

Monthly returns are to be made in the future.

"These are not the so-called luxury taxes, which cover wearing apparel etc. after May 1.

"These excise taxes," says Daniel C. Roper, commissioner of internal revenue, "are related more intimately to the taxpayer than the income tax because they come more frequently.

"No law can be enforced beyond the willingness of public sentiment to support it. Therefore we want the public to co-operate with us. Our men are working night and day to analyze the law and transfer it equitably to the public."

One way in which the city home gardener benefits the farmer is that the gardener helps to meet the demand for fresh vegetables, thus helping to leave the farmer free to give all his energies toward the production of the wheat and corn and meat and other "first line of defense" foods expected from the farmer.

Another way in which city gardens are working for the benefit of the farmers is that through their gardens town and city people are coming to possess an insight into the obstacles with which the farmer must contend.

When the city gardener converts what he thinks must be a ton or two of perspiration into a productive tomato patch, he begins to realize, for instance, how much sweat the farmer has to spend for his wheat crop.

If such a realization won't help both the city gardener and the farmer, then the laws of economics and

Before You Buy An Automobile SEE OUR LINE

WE SELL THE STUDEBAKER, MAXWELL AUBURN and CHANDLER

Some of our competitors, for a selling argument, have been telling prospective automobile buyers, that we are unable to furnish service on the above line of automobiles.

The people of Rush and surrounding counties know what kind of service we have always given them on all other lines that we have handled for the past twenty years, and we wish to assure the public that we will absolutely be able to furnish the same satisfactory service on automobiles that we have in the past on our other lines.

Ruptured 21 Years Finds Relief At Last

This is the experience of Mr. Theo. C. Jarvis, 320 W. Fifth St., Rushville, Ind., well known Interior Decorator. Mr. Jarvis had tried every kind of truss he could hear of without the slightest benefit. His double rupture became steadily worse. Finally he found something that really helped him, something that promises speedy relief. He feels so grateful that he wants every ruptured person to know about his discovery. Mr. Jarvis has nothing to sell. He simply wants to help other sufferers. Call at his home or write him and he will gladly give you the benefit of his experience and will not charge you a penny.

the theory of the brotherhood of man are all wrong.

LETTER RECEIVED FROM BOY WHO IS IN RUSSIA

Lester Mull States Country is Now
Snowbound and Ports Are All
Frozen Solid

TO START HOME DURING MAY

Mr. and Mrs. Bert Mull have received an interesting letter from their son Lester, who is with the 310th Engineers, of the 1st Battalion, 85th Division, in Russia. At the time of writing, he was in Archangel and was constantly moving through the snowbound country.

He stated that he had not received any mail from the States for two months as the ports were all frozen, but was expecting to start for home as soon as the ports were

released from the ice. The letter is given herewith:

"Haven't any mail from the States for two months. We are on our way to the front and are resting at a little village enroute. There is a 'Y' here where we get biscuits and hot cocoa. We are quartered in a fine old residence and were sure glad to hit this place as we have been making from 16 to 20 miles a day on foot.

"We are going to start again, in the morning and expect to reach our destination in four or five days. There isn't really much to write about except that we are seeing lots of the country and its peoples. The country is still snowbound. However, the port will open up about the 15th of May and all of us are expecting to see the U. S. A. about the month of June, as announced by the war department, so am hoping to get some mail soon."

The world's most crooked river is the Jordan, which wanders nearly 220 miles to cover sixty.

DEMILITARIZING WAR DOGS

The war dogs of the British army, which performed innumerable fine deeds during the great war, are being demobilized and efforts are being made to provide for their future care. A fund of \$100,000 is being raised in England for this purpose.

Sacrificed Principles to Safety.

The truth of the following story is vouched for: Henry Smith of Newton, N. J., raises chickens, but their lives are not worth a copper when they won't lay. Lately they have been taking chances, so one day recently Henry went out in the back yard and killed one. As he carried the corpus delicti toward the kitchen, he observed that he was followed by a horrified pullet. "Young lady," said Henry, "off goes your head tomorrow morning if you don't lay an egg today." She couldn't. So she sacrificed her moral principles and stole an egg from the henhouse next door. Several boys say they saw her roll the egg over to her house. She is still alive.

Farmer Values Airplane.

George Kunkel, a farmer of Aylesbury, Saskatchewan, has actually ordered an airplane, and goes on record as the first farmer to adopt this vehicle in his regular business. Mr. Kunkel, who was one of the pioneer farmers in that region, believes thoroughly in agriculture by machinery, and plans to use his airplane in making trips to various cities to dispose of his farm produce. Having been the first farmer in that part of the country to buy an automobile, he apparently buys his first airplane in the same matter-of-fact business way.

EVERY CITIZEN AN AMERICAN

Women's Foreign Language Division of Victory Liberty Loan Committee Has Active Organization.

"Every citizen an American. Every American a government stockholder. Bolshevik doctrines will not flourish in the minds and hearts of those who have a proprietary interest in their government."

That is the threefold object of the newly organized woman's foreign-language division of the Victory Liberty loan, according to Mrs. Edward Bemis, director for the Seventh federal reserve district.

In reply to a question, Mrs. Bemis said: "Our foreign-born women have often had reason in the past to think we cared little for them, but now since their sons and brothers and husbands have fought side by side with ours the differences have fallen away. We are all women of one country, working to one end—a united America."

Mrs. Bemis believes there need be no lack of co-operation between the native and foreign-born inhabitants of America. She is inclined to place a large part of the responsibility for a lack of united interest at the door of the countless native Americans who stand in need of re-Americanizing. War work has shown that much of the renewed patriotism on the part of descendants of the older generations of Americans may well be learned from our patriotic foreign born.

The Council of Foreign-Language Women has been presenting "Gifts of the Nations" to the people of Chicago since the Third Liberty loan campaign. After a program attended by fifteen nationalities, the majority being Americans, one foreign-born woman said: "This is the first time since I came to America that I have been asked to do anything with the American people." Said another woman: "I always could

not speak enough English to get things at the store, but never before did American ladies want to talk with me. Now I shall get books and learn to speak English like the rest of them."

"Many do not realize that the heritages of many of our foreign nationalities may well be emulated by our far newer civilization," said Mrs. Bemis. "There is an innate courtesy in some of these older countries, and they have a patriotism engendered by years of seeking the liberty found in America."

"We want to know our foreign-language neighbors for what they can teach us as much as for the service that we ourselves can render them."

"Every member of each community has an interest in supporting our government's financial program. We must bring the boys home; we must establish business for our returned soldiers and we must help this country and Europe to stand free and for peace. We women are as interested in this as men can possibly be."

The five states of the Seventh district, Michigan, Illinois, Indiana, Wisconsin and Iowa, will have a foreign-language chairman for women. Each county where there are resident foreign groups will have as county chairman a woman who understands the local needs of the various communities. Group meetings are planned for each nationality wherever it exists in considerable numbers.

"Out of this work will come—if our hearts are in it—that united interest in the service of our country which we call Americanization."

—HELP "FINISH THE JOB."—

Give to Enjoy Blessings of Peace.

We are enjoying the blessings of victory and peace. Think of what, had we been defeated, we would be willing now to give for victory, and make your subscription to the Victory Liberty Loan accordingly.

We may speak of the Victory Liberty loan as a Peace loan, a Victory loan, or a Thanksgiving loan, but in a sense it is a Memorial loan to our brave boys who died on the field of battle.

The Germans, not the Yanks, were the quitters. Help finish the job with the Victory Liberty loan.

WELCOME HOME AT MUNCIE

Muncie, Ind., April 30.—The City Council last night appropriated \$1,000 to help bear the expense of the Delaware County Welcome Home ceremonies Thursday in honor of returned service men.

The Cash Value of Public Opinion

Like a dirty, frayed collar on a man in a \$60.00 suit, an "untidy" fence discounts a fine farm in public opinion.

And as a clean collar offsets to a great extent the frayed "hand-me-down," a Page fence adds dignity and prestige to the humblest farm home.

Your banker, your storekeeper, your neighbors, the man who may be looking around to buy a farm—their opinions are based partly—sometimes strongly—upon what they see.

And their opinions have a cash value that will be a big asset to you in your business transactions with them.

A PAGE FENCED FARM IS NOT ONLY
THE SIGN OF A GOOD FARMER

But is also reliable evidence that the good farmer HAS A GOOD FARM. The reputation of your farm is a business asset which deserves protection.

We sell Page, Elwood and American Fence.

We give 5% off for cash.

Obituaries

Clarissa Powell, daughter of Elizabeth and Elizabeth Powell was born Mar. 4th, 1840, in Jackson Township, Rush Co. At the age of 19 years, she was married to John Jasper Goddard and located in the Goddard neighborhood where she spent the greater part of her life.

In the year 1902 she moved to Rushville, Ind., where she lived at the time of her death.

To this union were born six children four of whom survive the mother.

James Goddard of Ingalls, Kansas, deceased, George Goddard who lives west of town. Noah Goddard of Manila, Ind.

John Goddard of Carthage, Mo., deceased. Mrs. W. E. Gardner of Battle Creek, Mich., and Julia A. Goddard who lived with her mother. There were seventeen grandchildren.

She was left to raise her six children alone, when her eldest child was 13 years old. She never remarried but successfully reared all her children to maturity.

In her early years she united with the Methodist church but later in life affiliated with the Seventh Day Adventist Faith and was a devoted christian mother.

Funeral services were conducted at the Pleasant Ridge church. Eld. Weiss of the Seventh Day Adventist Faith and Eld. Westhaver of the Methodist church officiating, and Mother was laid to rest in the Pleasant Ridge cemetery to await the Life Giver's Call.

Words of comfort were offered from Psalms 91 and kindred texts.

When the sickle of death is wielded By the merciless enemy of man

The ripened sheaves are garnered In number—like so many grains of sand.

And when the life-giver comes The saints will all arise

And gladly join the numberless throng

Who meet their Saviour in the skies

Among that number—may mother be—

And the children she loved so well

To witness the love, of the father above

Who sent His Son, "The Story To Tell."

The expenditures a year of the United States reclamation service are about \$8,000,000.

FOR JAMESTOWN ISLAND

This fine bronze statue of Pocahontas, made by William Ordway Partridge, will be placed on the site selected for it on Jamestown island just as soon as the Pocahontas Memorial association raises the balance of \$1,200 due on its purchase. The statue is now in the Corcoran Gallery of Art in Washington.

Cities of Crete.

There is a touch of irony in the news from Crete. Homer's "island of a hundred cities" possesses now but three towns, and two of these, Candia and Canea, find it necessary, in their growing pains, to destroy ancient monuments to make space for modern improvements. Happily there seems no disposition yet to colonize Knossos, where lie the remains of thousands and thousands of years of civilization as exalted, artistically, as the world has ever known. That old civilization makes the culture of ancient Greece seem by comparison like that of yesterday.—London Chronicle.

Ingenious Cow.

He is a little lad, a trifle over three, and he lived in Brookside circle, Auburn, relates the Indianapolis News. The other day he saw a cow for the first time and during his inspection of the strange animal he lowed. A little later he was visiting a neighbor, and told of the strange animal he had seen, and about her horns.

"How do you know it was a horn?" inquired the lady.

"Oh, I know it was a horn because she blowed it at me."

Who says that children are not original at times?

INVEST

Many children are behind their class because of bad, unclean teeth.

ROOSEVELT TREES PLANTED IN BROOKLYN

To the borough of Brooklyn fell the honor of planting the first trees to the memory of the late Col. Theodore Roosevelt. The celebration was attended by many of the ex-president's closest friends. The planting was held under the auspices of the Junior League of the American Association for the Planting and the Preservation of City Trees. This photograph shows the trees being set at Bedford park, Brooklyn.

THINK ITALIANS WILL COME BACK

American Delegates Confident Delegation Will Return to Conference, Headed by Orlando

DECISION TO BE MADE IN ROME

Officially Announced Japanese Question Has Been Settled by Compromise Being Reached

(By United Press.)

Rome, April 30.—Premier Orlando declares that Italy bases her claims on right of self-determination the people of Finme having proclaimed their town united with Italy. He said that "as long as discussion continues, peace is impossible." "Peace must be general or it will not be peace," he said.

Paris, April 30.—The Italians will decide today whether they will return to the peace conference, according to advices received at Italian press headquarters here.

Reports have been circulated that in case the Italians do come back, they will be headed by Premier Orlando. Lazzari, but press headquarters appeared certain that Premier Orlando would resume leadership if they decided to return.

American officials were quiet confident that Orlando would be back. Considerable significance is attached to the fact that many Italian representatives here have been trying to find out of the Americans as to whether the United States would favor conferring mandate for Syria upon Italy if they return and accept the compromise on their Adriatic claims.

The Japanese question has been settled, it was officially announced this afternoon.

While the details were not announced it was understood a compromise was reached whereby Japanese will retain temporarily her valuable rights in the Shantung peninsula, permanent ownership of which will be determined after the peace treaty is signed.

The American tendency was to recognize China's claim as the German seized the territory in question.

VOTE OF CONFIDENCE IN PREMIER ORLANDO

Italian Officials Approve Withdrawal of Its Delegates From The Peace Conference

PASS INITIATIVE TO ALLIES

(By United Press.)

Rome, April 30.—Italian officials approved last night the withdrawal of its delegates from the peace conference. Following Premier Orlando's speech outlining the stand he had taken in Paris, the chamber of deputies voted confidence in his ministry, only the socialists dissenting.

There was some speculation as to the government's next move. Some observers held however that the initiative has now passed to the allies.

A statement handed to Orlando by President Wilson on April 14, was published here today. It reiterates the president's desire for the "utmost justice to Italy" but declares he did not feel at liberty to suggest a "peace for Germany and another for Austria." Wilson declares the fourteen points must be applied to all, especially since all had agreed to them. The statement revealed that Wilson proposed the Island of Lissa be ceded to Italy and that she retain the port of Aviano.

GLAD HAND MAY 7

Indiana Will Welcome Soldiers Home on Next Wednesday

(By United Press.)

Indianapolis, April 30.—May 7, next Wednesday, is to be the day Indiana will extend the glad hand to her war heroes.

According to the present railway schedule, the 150th Field Artillery, Rainbow division will leave Camp Merritt, May 5 and will arrive here on the 7th.

Its arrival will be the signal for the great "welcome day" celebration, which has been planned in detail during the past few weeks.

KEEPS UP PACE SET THIS WEEK

Rush County Adds \$50,000 More to Victory Bond Total, Putting End of Campaign in Sight

SUBSCRIPTIONS NOW \$600,000

One More Township Reports Today, Making Amount Sold by Cancellers \$89,300

Rush county is still maintaining the pace set the first of this week by adding \$50,000 to its Victory loan subscriptions daily. Sales to this amount were made yesterday, according to the reports from the thirteen banks in the county this morning, which showed subscriptions actually made now total \$600,000.

The county is today only \$225,000 short of its quota and there is every reason to believe that if the township workers, who are beginning to show results, continue at the same rate as they have been going this week, a hundred percent subscription can be announced by Saturday night.

Townships which yesterday appeared to be below the general average, today spurred and were close to the mark set by other townships earlier in the campaign. No reports have yet been received from Richland township, but it is presumed that the township solicitors have sold some bonds and that the sales are being sent direct to the banks where the subscribers do business.

Sales by township workers today mounted to \$89,300, these figures being based on reports received by T. M. Green, county director of sales. One new township reported today, Center, from which no word has previously been received by Mr. Green. This township announced that bonds amounting to \$9,300 had

MARION AND VIGO ARE ONLY COUNTIES BEHIND

Total for Indiana Section of Seventh Federal Reserve District Today is \$47,869,550.

MONEYED INTERESTS LAGGING

(By United Press.)

Indianapolis, Ind., April 30.—Marion and Vigo counties are practically the only ones lagging in the Victory loan campaign, in the Indiana section of the seventh federal reserve district, it was announced today.

In many of the other counties the loan is growing big with the exception that moneyed interests are failing to subscribe in many instances.

The total for the 68 counties in the seventh federal district was \$47,869,550 today.

The whippet tanks, which has been touring Indiana, will come to Indianapolis in a body next Saturday for giant demonstrations.

EXHIBIT OF WAR RELICS POPULAR

Thousands of People View Trophies Captured by American Fighters on European Battlefields

TRAIN HERE TILL 11 A M TODAY

Fifteen Soldiers Accompanying Display All Suffered From Wounds of Gas During Fighting

Thousands of people literally "swarmed" to see the war relics gathered from the battle field of Europe, which arrived here on a special train this morning from Indianapolis at 6:45 o'clock and left at 11 for Liberty where the exhibit was to be on display this afternoon. The train will return to Commerceville tonight and will pass through Rushville in the morning enroute to Lawrenceburg for the next stop.

The fifteen soldiers and two civilians, Colonel Hope, a former army officer, and H. B. Story, were entertained at breakfast at the Scanlon hotel by the local committee. The usual speeches were dispensed with and the crowd was allowed to pass at will through the baggage car to view the relics, all of which were explained by placards. A score of local Boy Scouts guarded the train while the men with the train were at breakfast.

The fifteen soldiers accompanying the train have all been "through the mill." Each one was picked from a different regiment at Camp Grant, Illinois, for the tour through Indiana and all were either wounded or gassed while fighting overseas. One youthful looking soldier, who is now only eighteen years of age and has seen two years of service, is the life of the party even though he is carrying five German machine gun bullets around in his right leg.

All of the small relics are fastened down so that they can not be easily carried away. Colonel Hope said that no trouble had been experienced with thieves and souvenir hunters, except at Tipton Sunday night, where a hand grenade was stolen. An alarm was immediately sounded because it happened that the stolen grenade had never been fired and it was feared that some innocent person might be hurt. Col. Hope said the grenade had not been found when the train left there.

All of the German war trophies are just as they were when removed from the battle field. No attempt has been made to clean or shine them up. The big implements of war loaded on three flat cars seemed to attract the most attention. One which aroused much curiosity was a big German 75, the barrel of which was splintered about a foot from its mouth, presumably by the premature explosion of a shell.

The Rushville schools were dismissed during the morning and all of the children were given an opportunity to see the exhibit.

GUARD AT LINTON WILL BE REMOVED

Militia Called to Quell Disorder to Leave Following Agreement to Arbitrate This Afternoon

STRIKERS GO BACK TO WORK

Representatives of Labor Union, Manager of Phone Company and Conciliation Board Meet

(By United Press.)

Indianapolis, Ind., Apr. 30.—Word was received here late this afternoon that the militia will be removed from Linton.

The four guard companies have been patrolling the streets there during labor demonstrations brought about by a strike of eight Linton telephone girls for higher wages and shorter hours.

Indications that martial law would be lifted and the militia withdrawn, were seen this morning when Adjutant General Smith told Governor Goodrich over the telephone that the situation was clearing rapidly and that he believed there would be no need for the troops after the governor's "peace commission" met with business men, telephone officials and representatives of the strikers.

Linton, Ind., April 30.—Eight union telephone operators whose strike for recognition and higher wages, threw the town in a turmoil of a sympathy strike and caused a declaration of martial law, were permitted to resume their duty today pending arbitration.

This was decided at a meeting called between representatives of the Central Labor union and Frank Wampler, general manager of the Central Union Telephone company, and a commission of conciliation, appointed by Gov. Goodrich. The commission went into session with opposing factions this morning and the meeting continued until this afternoon.

The militia was still confined to the barracks, and Adjutant General Smith, military commander, was hopeful that an adjustment would be made soon, permitting their withdrawal.

There are no disturbances now, Adjutant General said, and added that the town has been quiet since the demonstration, Monday and Tuesday.

Charles Fox, president of the Indiana Federation of Labor, whose home is at Terre Haute, and Charles A. Greathouse and L. C. Huesmann, both of Indianapolis, are the mediators appointed by the Governor. The local union committee named to confer with them includes William Moy, president of the Central Labor Union; J. L. Sims, secretary; Jack Smith, treasurer, and Jesse E. Wiseman, attorney for the union.

Governor Goodrich's proposal was

Continued on Page Six

TO ELECT THREE DIRECTORS

Guarantors of Chatauqua Association to Meet Next Tuesday

The report of the auditing committee was received at a meeting of the directors of the Rush County Chatauqua association last night, and Tuesday, May 6, was set as the date for the annual meeting of the chatauqua guarantors to elect three new members of the board whose terms expire this year. The directors whose places will be filled are T. M. Green, Dr. D. H. Dean and P. E. Wolcott. The meeting of the guarantors will be held in the evening at T. M. Green's office.

NEW SALEM BOY IS HELD FOR FORGERY

Ernest Pitman, 19, in Greensburg Jail Awaiting Investigation of His Check-Writing Activities

ARRESTED BY JOHN F. M'KEE

Obtains \$75 on Bogus Paper at Clarksburg Bank and General Store—Money Not Recovered

Ernest Pitman, age nineteen years son of William Pitman, living east of New Salem, is being held in the Decatur county jail at Greensburg awaiting an investigation of forgeries he is alleged to have committed at Clarksburg.

Pitman, who was arrested Monday evening by John F. McKee, cashier of the New Salem bank and a member of the Rush County Horse Thief Detectives association, is said to have admitted to Prosecutor Holcomb of Decatur county yesterday afternoon that he passed two checks which he himself forged at the Clarksburg bank, but contends that he concealed the money in a wheat drill in the barn on the farm where he worked.

According to the Greensburg News, Pitman is accused of passing two bogus checks, one for \$60 and the other for \$15 at the Clarksburg State Bank and the Dobyns general store in Clarksburg. After his arrest, Pitman was taken to Clarksburg and turned over to Sheriff Beeson for commitment to jail at Greensburg.

According to the story told by the Decatur county sheriff, Pitman at noon Monday presented a check drawn on the Milroy bank and it

REPUBLICAN SENATORS REACH NO AGREEMENT

No Definite Program for Obstruction of League of Nations Though Opposition May Continue.

LODGE'S GUARDED STATEMENT

(By United Press.)

Washington, April 30.—Republican senators have not agreed to any definite program for obstruction of the league of nations as a party issue, it was apparent today. Bitter opposition to it may continue.

Senator Lodge will take the stand that he favors a league but that the present covenant is still unsatisfactory. Article 10 of the covenant is to be the target of strong attacks by the league's enemies.

Lodge's statement last night was careful in its expression on the league covenant. He did say, however, that "it is obvious that it will require further amendments if it is to promote peace and not endanger certain rights of the United States."

A movement is under way for a harmonious agreement to this program.

SURVIVOR OF MANY BATTLES SPEAKER

Private Asa J. Smith of Famous Second Co. of Marines, Delivers Commencement Address

TALKS TO NEW SALEM CLASS

Describes How Only 27 Americans Held Town Which Germans Could Have Taken at Any Time

Diplomas were given to four graduates of the New Salem high school at the commencement exercises held there last night. Those graduating were the Misses Myrtle Sefton, Bertha Moore, Helen Jinks and William Hardwick. Private Asa J. Smith, formerly a member of that famous Second Company of Marines who were among the first to meet the Germans and who covered themselves with glory at Chateau Thierry and the Belleau Woods, gave the address of the evening.

In relating his experiences while in service, he did not touch upon personal happenings but told the story as the whole company saw it. In describing the fighting at Chateau Thierry, he told how a French colonel had commanded their captain to retreat when it was rumored that the Germans would be in the village they were holding at any moment. The captain's answer surprised the colonel when he stated, "We are Yanks. We fight and hold." That was the spirit of the whole army, stated the speaker. He said that that night there were only twenty-seven men holding the town and it would have been an easy matter for the Germans to have taken it if they had only known the condition of the troops. Before morning they were reinforced by almost a battalion, the speaker stated.

Private Smith praised the Red Cross men and women for their heroic service to the wounded under actual shell fire and during the mustard gas attacks, he said, the Red Cross workers would walk right into the gas although they were aware of the ill effects of the burns. The mustard gas, he declared was not like the ordinary gas but was more severe, being in the form of a vapor from which clothes were not protection as it was like a heavy mist and when it reached the flesh, it did not kill instantly but perhaps the one burnt might die five or six weeks afterwards. Private Smith said that this death was one of the most painful that anyone could possibly suffer.

He also praised the ambulance drivers for their gallantry under fire, and also the many other men and women who took an active part. The German Red Cross, he stated, was the only "white" branch of the enemies army. He assented at times when they had an American wounded, they would signal for the Americans.

HOW TO DECORATE STORE WINDOWS

The best things to put into a store window are goods the public likes.

Articles advertised by the manufacturers in this newspaper represent household names in which people have confidence.

It adds to the character of your store to let your customers know you sell these products.

So put them in your windows, Mr. Merchant. More business will be your reward.

Catarrh is a Real Enemy and Requires Vigorous Treatment

Do Not Neglect It.
When you use medicated sprays, atomizers and douches for your Catarrh, you may succeed in unstoping the choked-up air passages for the time being, but this annoying condition returns, and you have to do the same thing over and over again. Catarrh has never yet been cured by these local applications. Have you ever experienced any real benefit from such treatment?

Throw these makeshift remedies to the winds, and get on the right treatment. Go to your drug-store-to-day, get a bottle of S. S. S., and commence a treatment that has been praised by sufferers for nearly half a century. S. S. S. gets right at the source of Catarrh, and forces from the blood the germs which cause the disease. You can obtain special medical advice regarding your own case without charge by writing to Medical Director, 22 Swift Laboratory, Atlanta, Ga.

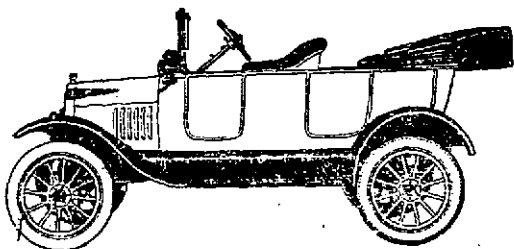

Ford

THE UNIVERSAL CAR

The Ford Model T One Ton Truck is really the necessity of farmer, manufacturer, contractor and merchant. It has all the strong features of the Ford car made bigger and stronger. It has the powerful worm drive, extra large emergency brakes acting on both rear wheels and controlled by hand lever, 124-inch wheelbase, yet turns in a 46 foot circle, and has been most thoroughly tested. We know it is absolutely dependable. We advise giving your order without delay that you may be supplied as soon as possible. The demand is large and first to order first to receive delivery. Leave your order today. Truck Chassis \$550 f.o.b. Detroit.

IN THREE OF BIG BATTLES

H. R. Fritter, Former Company B
Boy, Visits His Aunt Here

Harry Raymond Fritter arrived home last week, having been discharged from the military service at Camp Taylor, Ky., which place he reached in March after several months overseas. He is the nephew of Mrs. Raymond Hargrove and is visiting here at present. Fritter was a member of old Company B of this county but was transferred to the heavy artillery of the First Division, which saw service at Chateau Thierry, the Marne and at Belleau Woods. He was taken from the front early last fall suffering from the influenza and rheumatism. He received treatment in France and also in the States in the base hospital at Camp Taylor.

Iowa is the corn state. She grew 402,147,000 bushels in 1918. Illinois was next.

RECEIVES WORD THAT HER HUSBAND LANDED

Mrs. Neff Ashworth Gets Letter
From Husband, But No News
From Russell Kirkpatrick

IS BELIEVED HE DID NOT SAIL

Mrs. Neff Ashworth received a letter this morning from her husband stating that he had landed in New York Monday on the Freedom with Base Hospital No. 32. Mr. and Mrs. Samuel Kirkpatrick, living north of the city, have no word from their son, Russell Kirkpatrick, an enlisted man with the unit and they are of the opinion that he did not sail because of a statement in a New York dispatch that a few of the enlisted men were left behind, because the transport was overloaded.

Definite word has been received that the hospital unit will participate in the Welcome Home day events in Indianapolis. The parade is expected to be one of the largest in the history of the state as there is expected to be 30,000 men in line, making a parade extending over forty-eight squares. Following the parade it is stated that the base hospital unit and the 150th Field Artillery will be sent to Camp Taylor, Ky., for demobilization.

FIRST WORD IN 3 YEARS

Shelbyville, Ind., April 30.—Carl Gartner of this city has received the first word in three years from his relatives in Germany. A person in Rotterdam, Holland, sent Mr. Gartner a postal card which said that his father, sister and two brothers in Germany are well. Mr. Gartner was a supporter of America in the war.

PASS BILLION MARK TODAY

Sales of Victory Loan Notes Only
Fourth of Minimum

(By United Press.)
Washington, April 30.—Officials reported today that the sales of Victory notes had passed the billion dollar mark.

This total is more than one-quarter of the minimum for the country and today marks the end of one-half of the campaign, so it is apparent that extra effort will be required to reach the goal, it was pointed out at headquarters here.

INJURED MAN RECOVERING

Elmer Murphy, of Richland, who was seriously injured yesterday while blowing stumps was reported to be in an improved condition today. It is thought that he will be fully recovered in a few days.

CONTEST FOR COUNTY PLACE

Stated W. S. Conde Will Oppose J.
E. Miller For Attendance Officer

It was announced today that there would be a contest for the place as county school attendance officer, which is held now by James E. Miller, when the county board of education meets tomorrow. It is stated that W. S. Conde has been making a quiet campaign among the township trustees, who comprise the board, in an effort to be elected attendance officer. Mr. Miller has held the position for several years. The trustees also will make a report tomorrow on the enumeration of persons of school age.

Benjamin Franklin said: "Money can beget money, and its offspring can beget more." Buy W. S. S.

Continued on Page Three
by force, but it was later deemed advisable to favor a compromise, so as to dispose of the matter quickly and not delay peace with Germany. Disquieting reports were received from Italy today. The conferences between Premier Orlando and American Ambassador Page are understood to have been not entirely satisfactory. Anti-American demonstrations were reported in Trieste and a crowd is said to have gathered in front of the Y. M. C. A. and demanded that the American flag be hauled down.
Regret for the incident was expressed later.

NEW SALEM BOY HELD FOR FORGERY
Continued from Page One
cashed by Cashier Brock of the Clarksburg bank. The check was for \$60, was payable to Chester Taylor of this city and bore the forged signature of Albert Capp, who lives south of Rushville. A second check drawn on the same bank and calling for \$15 was cashed at the Dobyns store where it was tendered after Pitman purchased a shirt. This check was payable to Ed Berruett and was presumably signed by Albert Pool of Milroy. Trustee Brock's suspicions were aroused shortly after Pitman left the bank, and getting Mr. Capp on the telephone, he learned the check was a forgery. Shortly afterwards it developed that the second check had also been passed in the town. Pitman will talk but little of the transaction, but said that all the money he obtained on the checks was still intact, he having cast it into a wheat drill at the barn on the place he was staying. Officers searched the premises for an hour or so but failed to discover the missing money. Indications are that others are implicated in the forgery and it is apparent that Pitman, instead of hiding the bills, gave them into the hands of another party to keep. Officers are gradually becoming in possession of evidence that will likely lead to other arrests before many hours. Pitman declares that he was in the barn when Cashier McKee and posse approached and it was then he tossed the bills into the wheat drill. He says the money is in twenty, ten, five and one dollar bills. Sheriff Beeson took \$8.75 from him but Pitman says this is not a part of the \$75 obtained on the forged checks. In his search of Pitman, who had on a pair of rubber boots and silk socks, Sheriff Beeson found a dozen blank checks on the Milroy bank, which neatly rolled, had been concealed by the young man next to his skin and in one of the legs of his undergarments.

"BEST IN THE LONG RUN"

To keep in touch with the business world— READ ADVERTISEMENTS

You can learn more from the advertisements in your daily newspaper than you could in weeks spent in visiting stores, shops and offices.
If you did not read the advertisements, you might go to a store and come home again and never learn about some new goods in that store that would interest you. But the storekeeper knows and he publishes the news in an advertisement for you to read.
If you did not read advertisements, you might go on purchasing one article for years when a new and better article has come to take its place.
It pays to keep in touch with the business world by reading advertisements.

It pays if you have nothing to buy but your own clothes and shoes and candy and books and other personal things.
It pays even more if you are buying for a household.
By keeping in touch through reading advertisements you can buy to more advantage, find out where and when to get the things you want, and avoid regrettable expenditures.
A large part of our world of today is the world of business and commerce. And the voice by which it speaks is advertising. It has a message for you.
Keep in touch by reading this message—by reading advertisements.

Learn Prohibition Pays

Many Indiana towns and cities are just now learning for the first time, since the state has been dry for a year, that prohibition pays in more ways than one. Motion picture exhibitors have been the first to acknowledge that prohibition pays from a business standpoint. Business men in other lines, too, have learned that money which, during the reign of the saloon, went for booze, is now being spent for merchandise and laid away in the savings banks for a rainy day.

Many towns and cities in the state knew years ago that it pays in many ways to be dry, not only for business reasons but for many others. It required a long time for the small towns larger brothers to learn what they have known for a long time.

The Richmond Palladium comments on the fact that the first tangible evidence of the effects of the closing of the saloons has been adduced by the motion picture exhibitors at their recent session in New York City when it was shown that their business had increased from 25 to 50 percent directly attributable to the advent of prohibition. The Palladium quotes an Indiana exhibitor as follows:

"In our state which has been dry for a year, business has been the biggest throughout the state that the picture men have ever experienced and I believe that part of it is due to prohibition. I was an exhibitor a few years ago when we had county and local option and I noticed that in a dry town our business was very big, due to the fact that there were no saloons open and that seems to be the opinion of exhibitors in dry towns."

The Palladium comments on the opinions of a number of exhibitors from various states attending the

VETERAN FORESTER IS HONORED

The state of Pennsylvania on its arbor day planted 80 trees in honor of Dr. J. T. Rothrock, who reached the age of eighty on April 9. Doctor Rothrock, one of the vice presidents of the American Forestry association and for 20 years head of the Pennsylvania association, is known as the "father of forestry in Pennsylvania."

convention, and then closes as follows:

"What holds true of the motion picture business is true in a certain degree of other lines. There has been no falling off in business in the last year in Richmond. In fact, merchants say that business has never been better and the police records show that arrests never have been fewer. The money which formerly was spent for liquor is either going into the savings banks or is being used for the purchase of merchandise."

Little enthusiasm for the league of nations draft is found in the French press, according to Paris dispatches. No one seems to be shouting themselves hoarse over it on this side of the water.

No one ever imagined that eight innocent telephone girls could stir up such a turmoil as exists in Linton.

We all hope that if either Hughes or Taft sits on the tribunal which is to try Wilhelm, they will not allow their prejudice to sway them.

The president and postmaster general are dropping the telephone and telegraph lines as if they had been burnt.

Premier Orlando believes when in Rome, one should do as Romans do.

It's a question as to where Indianapolis is going to put that crowd on Welcome Home day.

Sap and Salt

By BERT MOSES.

When you feel sick, stop eating, and you will be half cured.

The quickest way to spoil a boy is to get him into a "soft job."

There is no disgrace in being down, but there is if you stay there.

The best way to run your business is to let other people run theirs.

Hez Heck says: "Some men go from bad to worse, and from worse they go into raising poultry."

In spite of repeated failures, every now and then somebody tries to knock down a telegraph pole with his auto.

There is neither hope nor salvation for the man who, to be consistent, will not change his mind when he knows he is wrong.

ENLISTMENTS INCREASE

Washington, April 30.—Continued increase in the number of enlistments resulting from the War Department's call for 50,000 overseas volunteers was shown today in the official report for the week ending April 19. A total of 5,482 recruits were recorded, bringing the grand total to 17,020.

The first submarine boat was tested in Plymouth harbor, England, in 1774.

When You Need a Truck

What one are you going to buy? Are you going to buy the one that conservative business men buy or are you going to buy the one that some purchasing AGENT of the government bought without considering whether it was right or wrong. UNCLE SAM paid the freight on all government trucks. But when a highly successful corporation, that was spending their own money that they had made themselves, knew that the government would need GASOLINE delivered to their various camps all over the country and that failure to deliver this gasoline at the right time meant the possible loss of some of our brave boys—WHAT DID THEY BUY TO DELIVER THE GOODS?—

"INTERNATIONAL TRUCKS"

—because they knew that they had never failed to do what they were built to do. There is a difference between SPENDING your own money and money furnished by the government and wide awake business men buy what they KNOW is right. That is what the STANDARD OIL COMPANY did when they bought INTERNATIONAL TRUCKS. They KNEW what was the best and bought them. I want to demonstrate an INTERNATIONAL to every MAN that wants a truck. For they are the ones that one can absolutely depend on—without saying anything about International Service or that repairs and expert service are always obtainable at Richmond in THREE HOURS time. It makes no difference what truck you buy, you will need repairs and expert service sooner or later. That is what we are going to give you when you want it without any delay. WATCH the Standard Oil Company TRUCKS. You can see them on the streets every day. When you buy, BUY one that you can use every day, and not in the repair shop all the time. I will gladly demonstrate the INTERNATIONAL to you at any time.

WILL M. SPIVEY

By Charles Kettleborough.

SHERIFFS—The charge for boarding prisoners confined in county jails and in the charge and custody of the county sheriffs was increased from 40 cents to sixty cents per day, and sheriffs are likewise entitled to receive from the county treasury all federal war taxes heretofore or hereafter paid on railroad transportation.

TO "LAY OUT" FINE

Willard Bennett was fined \$1 and costs in police court this morning when he pleaded guilty to public intoxication. He went to jail to "lay out" the fine.

A TESTIMONY FROM A USER OF

Acme Pig Meal

"Loogootee, Ind., Feb. 26, 1919.

"Gentlemen:—My 8 pigs were 6 weeks old, and weighed 168 pounds when I commenced to feed them ACME PIG MEAL, equal to milk. These 8 pigs ate 100 pounds of ACME PIG MEAL in 24 days, and they weighed 258 pounds, making a gain of 90 pounds in 24 days, or 11½ pounds per head in 24 days, or nearly a half a pound a day per head. This I consider a good gain for winter pigs 6 weeks old.

"Yours very truly,

"WM. SULT."

P. S.—You will notice that these pigs ate on an average of 15 pounds of ACME PIG MEAL per month per head, and that their gain for a period of 30 days would amount to 14 pounds and 6 ounces, and that the cost of this gain and growth was \$5.07 for each 100 pounds. I contend that there is no other ration that would produce an equal growth on weaned pigs at this cost.

Local Agent — Phone 1506

Before You Buy a . . . TRUCK

We ask you to seriously consider the NASH TRUCK, which was probably used more extensively by the United States Government than any other kind.

If Uncle Sam depended upon NASH TRUCKS, which were adapted by the Marines and used under the most severe battles which the Marines endured, isn't that sufficient reason to lead one to believe that the NASH is the most dependable truck on the market?

We want to demonstrate a NASH TRUCK to every prospective truck buyer in Rush County. Let us demonstrate to you alongside any other truck in a gravel pit or thru mud or sand or any place you desire.

We probably have the only truck in the county which has been used extensively on country roads that has not been stalled in the mud or sand.

Let us show you a truck that will go practically anywhere. We can give most service with least expense.

Our "M & S" interlocking device which prevents spinning of either wheel and our big pneumatic tires solve the problem.

LET US CONTRACT TO DO YOUR HAULING.

Amusements

Constance Talmadge Tonight

Constance Talmadge in "Who Cares," is the offering at the Princess theatre tonight and Thursday and Friday Marguerite Clark in, "Mrs. Wiggs of the Cabbage Patch" will be shown.

Fourteen years ago Hugh Ford was recognized as one of the ablest directors on the legitimate stage. In this capacity he produced "Mrs. Wiggs of the Cabbage Patch," both in this country and in London, and the play, by Ann Crawford Flexner which was a dramatization of the novel by Alice Hegan Rice was most successful and held the stage for many years.

"Mrs. Wiggs of the Cabbage Patch," has now been pictured for Paramount by Hugh Ford with Marguerite Clark, the beautiful Paramount star, in the stellar role. Miss Clark appears as Lovely Mary, that delightful creature whose pranks in the story won her so many juvenile admirers. The picture is a remarkable one in many respects, its situations being dramatic and its heart-appeal to old and young alike, irresistible. The adaption was made by Eve Unsell with splendid effect, and the supporting cast is of the highest class.

Mary Miles Minter at Mystic

The mere mention of the fact that

Mary Miles Minter is to be shown at the Mystic theatre today in a new comedy drama, is sufficient notification to movie fans to prepare to be present.

Mary Miles Minter without a doubt is one of the most popular girls of the silent drama. A new vehicle in which she will be presented here is entitled "The Eyes of Julia Deep," a five reel comedy drama produced by the American Film Co., Inc. Movie fans love Mary Miles Minter on the screen, but many of them do not know what she does off the screen. Listen!

She likes to knit for the soldiers. She likes to read the novels of Sir Walter Scott.

She likes to drive her own car up and down the hills of sunny California.

Best of all, she likes all letters of encouragement she has received from hundreds of thousands of movie fans in all parts of the world.

Tomorrow Private George Hall and company will give the story of the battle of St. Mihiel, together with a picture of many of the battles over there.

SURVIVOR OF MANY BATTLES SPEAKER

Continued from Page One

erican Red Cross to come and get the man, and that it was always with a suspicious feeling that the driver went forward to bring the man back. The former marine declared that many times the Germans would shell the driver on the way back, thus destroying the ambulance as well as killing the patient.

Private Smith closed by making an appeal to all to learn that war was unnecessary, appealing to the teachers and those who had anything whatever to do with educational lines so to instruct the pupils that war should not be fought again.

Supt. C. M. George gave a short talk and presented the diplomas, after which the benediction was given by the Rev. Earl George of New Salem. Music was furnished by Cole's orchestra of Rushville.

LABOR CLAUSE ANNOUNCED

Declares For Right of Organization And Eight Hour Day

(By United Press.)

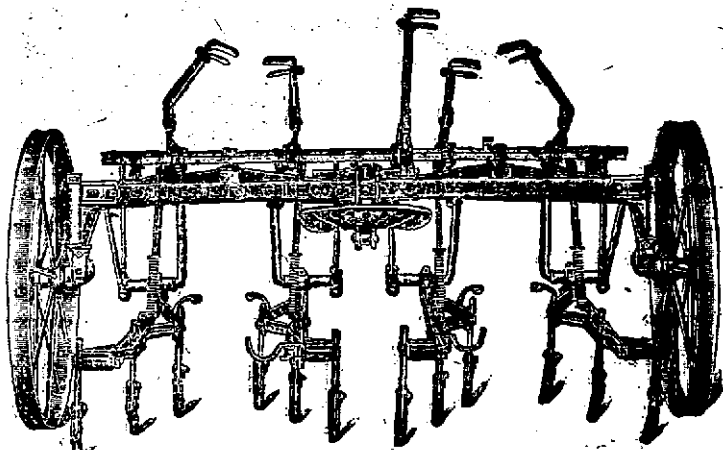

Washington, April 30.—The labor clause adopted by the Paris conference for insertion in the peace treaty, were announced by the state department today.

The clause declared that the well being of wage earners is of supreme international importance and declared for the right of organization by labor, an eight hour day and equal pay for women and men, among other reforms for which labor has fought.

SEARCH FOR MRS. MORGAN

Marion, Ind., April 30.—Search was made last night for Mrs. Lulu Morgan, widow of Tom M. Morgan, a veteran newspaper man, who died a few weeks ago. Mrs. Morgan disappeared from her home at noon today. Fears are felt for her safety, as relatives have no idea as to her whereabouts.

Janesville Two-Row Cultivator

WHEN you sit comfortably on the easy riding Janesville Two-Row, and see every plant in every row getting exactly the cultivation you want it to have, you think what a blessing it is that you have a machine to do, all that work. The old timers would think so if they could see you getting over the field so rapidly, and doing the work better than they ever did.

The Janesville Floating Arches solve the problem. They are hung by pendulums from the top bar and swing from side to side with a pendulum movement. You widen or narrow the gangs in the row with your feet. Or lock them at any width desired.

The shovels naturally follow the rows, but you can shift them to either side so quickly and so easily that you can hoe every hill without stopping the team.

Your own weight on the seat bars acts as a lever to turn the wheels slightly up hill—this big advantage takes the down-hill creep out of side-hill plowing. The entire machine is light, compact, flexible—no oiling needed except in wheel boxes.

Cultivate with a Janesville Two-Row—and you will forget that there ever was hard work in cultivation.

Toledo, Ohio

The Willing Worker's Sunday school class of the St. Paul's M. E. church will meet tomorrow afternoon with Mrs. Elmer Griffith, 803 North Jackson street, at 2:30 o'clock.

Mrs. John A. Lee entertained the members of the S. E. T. club yesterday afternoon at her home in North Harrison street. After the social hours, which the guests spent over various kinds of fancy work, the hostess served light refreshments.

Mr. and Mrs. Chase Maury entertained a number of their friends last evening at their home in North Main street, with a prettily appointed dinner party. The table was decorated with a large bouquet of carnations and covers were laid for twenty-four guests.

Mr. and Mrs. John Kuecht were pleasantly surprised at their home in

North Main street last evening by a number of their friends. The evening was spent socially, after which refreshments of ice cream, cake and coffee were served.

Mr. and Mrs. Matt Bever entertained at dinner Sunday Mr. and Mrs. Claude Neff, Mr. and Mrs. Roy Neff of Eaton, Ohio, Mr. and Mrs. Earl Bever and daughters Mildred and Louise and Mrs. Harriet Bever of New Salem.

The Woman's Foreign Missionary of the Main Street Christian church will hold their regular meeting tomorrow afternoon at 2:15 o'clock in the parlors of the church. An interesting program has been prepared for the afternoon. All the members are urged to be present.

Mrs. Jesse Poe was hostess for the Five Hundred club yesterday evening at her home in North Morgan street. The evening was spent in playing cards, at the close of which a dainty luncheon was served.

The junior's of the Orange high

school gave a reception for the seniors last evening at the home of Mr. and Mrs. Thomas Reed west of Orange. The spacious rooms were decorated with spring flowers and the evening was spent in music, contests and games. Dainty refreshments were served at the close of the evening.

A wedding which will be of interest to a great many people of this city is that of Miss Gladys Hudson, daughter of Mr. and Mrs. Robert Hudson, of Connersville and Charles Brode, of Indianapolis, which was solemnized yesterday morning in Cincinnati. Mr. and Mrs. Brode are well known in this city, having formerly lived here. They will make their future home in Indianapolis.

Mrs. Lon Havens entertained 40 members of the O. N. T. club and three guests last evening at her home in North Main street, with a two course chicken dinner. The rooms were beautifully decorated with lilacs and the center piece for the table was a huge cluster of spring flowers. After the delicious repast the guests enjoyed a program of songs and recitations given by members of the club. Two of the members who were unable to be present on account of illness were sent small remembrances. The three guests were Mrs. James Brown of Laurel and Mr. and Mrs. Frank Capp.

GUARD AT LINTON WILL BE REMOVED

MACHINE RUNS INTO BUGGY

Mrs. Robert Redden Narrowly Escapes Injury in Accident

Mrs. Robert Redden narrowly escaped injury yesterday evening when an automobile driven by Dr. H. V. Logan ran into her buggy at the alley intersection in Main street between Second and Third. Mrs. Redden was turning the horse around in the street and Dr. Logan's machine struck the left rear wheel of the buggy, breaking four spokes loose. The buggy balanced on two wheels for an instant, but did not turn over. Mrs. Redden succeeded in controlling the horse and prevented it from running away. Dr. Logan apologized and said he was willing to pay for the damage done, but Mrs. Redden did not blame him in any way.

ENTERTAINING WOUNDED AND SICK SOLDIERS

One of the most important things in the reconstruction and rehabilitation of wounded and disabled soldiers is to keep their minds occupied and free from cares, and this is done at the big reconstruction and rehabilitation hospital at the Presidio, San Francisco. The photograph shows a boxing match held in the yard of the hospital while the wounded, seated all around, look on.

40 KILLED BY EARTHQUAKE

Washington, April 30.—Forty persons were killed, many injured and much property damage was caused by a severe earthquake in San Salvador yesterday, the state department was advised. The American legation of San Salvador, though damaged, is still standing. No Americans so far were listed among the casualties.

FLORA PAYNE WHITNEY

Miss Flora Payne Whitney, twenty-year-old daughter of Harry Payne Whitney, New York millionaire sportsman, learned typewriting in the hope of doing Red Cross or Y. M. C. A. work overseas. When the war left her flat she went to work at the headquarters of the Republican women's national executive committee in Washington as volunteer secretary and assistant to Mrs. McCormick.

PRESERVE EGGS DURING MAY

Should be Strictly Fresh, Preferably Infertile Laid in April or May

FERTILE EGGS MAY BE USED

Those Preserved by Home Method Deteriorate Rapidly and Must Not be Put on Market

With the plentiful production of eggs during April and May, when prices are lowest, eggs should be preserved at home in order that the housewife may have a supply during fall and winter when production is low and the price is highest, usually prohibitive, it is stated by authorities on the subject.

One of two methods may be used in the home preservation of eggs: water glass or lime water. Water glass may be purchased at any drug store and should be in the pure, undiluted form when procured. It should be mixed in a ratio of one part of water glass to 10 to 15 parts of boiling soft water and allowed to cool. If lime water is used, 2 or 3 pounds of lime should be slacked in a small amount of water and then added to three gallons of water. The mixture should be roughly stirred for a day and after it has settled, the saturated liquid can be poured off ready for use.

Eggs to be preserved must be strictly fresh and should preferably be infertile eggs laid in April or May. Fertile eggs may be used but do not keep as well as those which are infertile. Metal vessels must not be used to hold the liquid, but earthenware, glass or wooden containers will prove satisfactory, say poultrymen in the extension department of Purdue university.

Eggs to be preserved may be put in the liquid "preservative" or the mixture may be poured over them. When the jar is full, there should be at least two inches of liquid above the eggs and if any evaporation takes place, water should be added. The jar should be tightly covered with an oiled or greased paper to reduce the rate of evaporation.

Eggs from these methods of home preservation deteriorate rapidly when removed from the liquid and they must not be put on the market for this reason.

MAYOR OF BIG CITY A GARDEN LEADER

Charles Jewett, mayor of Indianapolis, is an enthusiastic home gardener. He spent most of his leisure time last season in the production of good vegetables. He was a leader in the garden movement in Indianapolis, one of the strongest gardening centers in the country, according to the specialists of the United States Department of Agriculture.

The total losses annually sustained in this country by the ravages of insects is said to be \$1,554,869,300.

For Colds, Catarrh or Influenza

Do you feel weak and unequal to the work ahead of you? Do you still cough a little, or does your nose bother you? Are you pale? Is your blood thin and watery? Better put your body into shape. Build strong! An old, reliable blood-maker and herbal tonic made from wild roots and barks, is Dr. Pierce's Golden Medical Discovery. This "nature remedy" comes in tablet or liquid form. It will build up your body, cure your cold, and protect you from disease germs which lurk everywhere. One of the active ingredients of this temperance alternative and tonic is wild cherry bark with stillingia, which is so good for the lungs and for coughs; also Oregon grape root, blood root, stone root, Queen's root, — all skillfully combined in the Medical Discovery. These roots have a direct action on the stomach, improving digestion and assimilation. These herbal extracts in the "Discovery" aid in blood-making, and are best for scrofula. By improving the blood they aid in throwing off an attack of influenza.

Catarrh should be treated, first, as blood disease, with this alternative. Then, in addition, the nose should be washed daily with Dr. Sage's Catarrh Remedy. Send 10c for trial pkg. of Medical Discovery Tablets or Catarrh Tablets to I. Pierce, Invalids' Hotel, Buffalo, N. Y.

ONE MAN OPERATES BOTH TRACTOR AND IMPLEMENT

One Man Cultivates 20 Acres a Day with the New

MOLINE UNIVERSAL TRACTOR

It Solves The Farm Help Problem

Due to its high clearance, 29 1/2 inches, the Moline Universal Tractor is perfectly adapted for cultivating, enabling one man to cultivate corn or other row crops, two rows at a time, at the rate of from 14 to 20 acres a day.

The Moline Universal attaches direct to the cultivator, and forms a compact unit with it that is controlled from the seat of the implement, where the operator must sit to do good work, dodging individual hills by shifting the cultivator gangs with his feet.

The position of the operator directly behind the right wheel of the tractor gives him an unobstructed view ahead. All he has to do is to keep the right wheel of the tractor a certain distance from the outside row and the whole outfit will go properly.

An electrical governor permits the engine to be slowed down to a snail's pace for turning at the ends of rows, or for cultivating the first time over.

The outfit is easily stopped, backed or turned, and does less damage in turning than horses.

The cultivator has many features which make its operation extremely easy and effective. All who have operated this outfit express surprise and delight at the ease and simplicity of operation.

Cultivating, however, is only one of all the farm operations the Moline Universal can do. It is light, but has more than enough power to pull two 14-inch plow bottoms at high speed, because all its weight is available for traction. The Moline Universal works to full capacity throughout the entire year. That's why it really replaces horses and enables one man to farm more land than was ever before possible. It is the universal tractor that does all farm work and solves the farm help problem.

There are many other features of this machine that will interest you.

ONE MAN OPERATES BOTH TRACTOR AND IMPLEMENT

SEED PLOT MEANS A BETTER CROP

Careful Selection of Potato Seed Will Produce Double Yields Next Year, Says Gaylord

SPRAYING IS ESSENTIAL

Harvest by Hand The Seed Plot and Select Next Year's Seed Plot at Digging Time

Careful selection of potato seed and use of a seed potato plot will mean double yields next year, says F. C. Gaylord, of the horticultural extension staff of Purdue University.

"Select five or ten bushels of the best potatoes from the seed stock or other lots in proportion to the size of the potato patch, taking tubers that weigh from four to six ounces, that are free from disease, smooth and as near uniform type as possible. In order to control scab, black scurf and black leg, treat with corrosive sublimate. The potatoes should then be spread out on a well lighted floor and left there until planting time.

"Seed selected in this way and especially treated may be sown separately or by one side of the field. Cut the tubers in pieces about the size of an egg, each piece having two eyes and after getting the seed bed in extra good condition, drop one piece to a hill. Cutting should be done just previous to planting.

"In order to control bugs, lice, tip burn, blight and other diseases, the seed plot should be sprayed at least five times during the growing season, the first application when the vines are four to six inches high then every ten days. Thorough spraying is essential."

Bordeaux mixture should be applied at every spraying and in this put lead arsenate or Paris green for bugs and nicotine sulphate for lice and hoppers, said Mr. Gaylord.

At digging time, harvest by hand the seed plot and select the seed for next year's seed plot, using the remainder to plant the entire field. Growing of a seed plot each year will result in a greatly increased yield and improved quality, he said.

Benjamin Franklin said: "Gain may be temporary and uncertain, but expense is constant and certain." Buy Thrift Stamps and W. S. S.

RAISIN DAY YIELDS MANY A. E. F. HEROES

Fresno's Annual Day Will be Turned
Into a Military Pageant This
Year

TWO THOUSAND TO TAKE PART

(By United Press.)

Fresno, Calif., April 30.—Fresno's annual Raisin Day celebration will be turned into a military pageant, today in honor of the returning San Joaquin Valley heroes.

The A. E. F. veterans and other home boys who were in the military and naval World War will lead the parade. Boy scouts, high school cadets, the home guard and other local military organizations will participate.

One of the features of the day will be a competitive drill between high school cadet companies from various parts of the state. Suitable prizes will be offered.

Major Jesse E. Tarbell, of Fresno, who was decorated by the King of Italy, while fighting with the American Army in the Isonzo will be grand marshal of the parade. Major Phillip H. Williams, U. S. A. will be his assistant. The U. S. N. Band from Mare Island is expected to play.

Two thousand people will participate in the pageant.

STOMACH UPSET?

Get at the Real Cause—Take Dr.
Edwards' Olive Tablets

That's what thousands of stomach sufferers are doing now. Instead of taking tonics, or trying to patch up a poor digestion, they are attacking the real cause of the ailment—clogged liver and disordered bowels.

Dr. Edwards' Olive Tablets arouse the liver in a soothing, healing way. When the liver and bowels are performing their natural functions, away goes indigestion and stomach troubles.

If you have a bad taste in your mouth, tongue coated, appetite poor, lazy, don't-care feeling, no ambition or energy, troubled with undigested foods, you should take Olive Tablets, the substitute for calomel.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. They do the work without griping, cramps or pain.

Take one or two at bedtime for quick relief, so you can eat what you like. At 10c and 25c per box. All druggists.

MANY ARE PAYING INTERNAL REVENUE

Dealers Are Paying The Taxes on
Goods Sold Between February
25 and March 1

OVER MILLION TO BE PAID

Monthly Returns Are to be Made in
The Future on All Excise Tax-
ables, It is Stated

(By United Press.)

Indianapolis, Ind., April 30.—Money flowed in the U. S. treasury today through internal revenue collectors in Indianapolis when dealers came here to pay the excise tax due on goods they sold between February 25, and the date the excise law became effective, and March 1.

Peter J. Krayer, collector of internal revenue, was hopeful that the taxes would equal the amount of \$1,000,000,000 paid in income and excess profits taxes on March 15.

Among the articles on which taxes were to be paid today were motor trucks, automobiles, accessories, musical instruments, candy and chewing gum, sporting goods, cameras, firearms, hunting weapons, electric fans, thermos bottles, smokers' articles, slot machines, liveries, hunting and riding habits, articles made of fur, pleasure yachts and motor boats, toilet soaps, sculpture, painting and works of art.

Monthly returns are to be made in the future.

"These are not the so-called luxury taxes, which cover wearing apparel etc. after May 1.

"These excise taxes," says Daniel C. Roper, commissioner of internal revenue, "are related more intimately to the taxpayer than the income tax because they come more frequently.

"No law can be enforced beyond the willingness of public sentiment to support it. Therefore we want the public to co-operate with us. Our men are working night and day to analyze the law and transfer it equitably to the public."

One way in which the city home gardener benefits the farmer is that the gardener helps to meet the demand for fresh vegetables, thus helping to leave the farmer free to give all his energies toward the production of the wheat and corn and meat and other "first line of defense" foods expected from the farmer.

Another way in which city gardens are working for the benefit of the farmers is that through their gardens town and city people are coming to possess an insight into the obstacles with which the farmer must contend.

When the city gardener converts what he thinks must be a ton or two of perspiration into a productive tomato patch, he begins to realize, for instance, how much sweat the farmer has to spend for his wheat crop.

If such a realization won't help both the city gardener and the farmer, then the laws of economics and

Before You Buy An Automobile SEE OUR LINE

WE SELL THE

STUDEBAKER, MAXWELL AUBURN and CHANDLER

Some of our competitors, for a selling argument, have been telling prospective automobile buyers, that we are unable to furnish service on the above line of automobiles.

The people of Rush and surrounding counties know what kind of service we have always given them on all other lines that we have handled for the past twenty years, and we wish to assure the public that we will absolutely be able to furnish the same satisfactory service on automobiles that we have in the past on our other lines.

Finds Relief At Last

This is the experience of Mr. Theo. C. Jarvis, 320 W. Fifth St., Rushville, Ind., well known Interior Decorator. Mr. Jarvis had tried every kind of truss he could hear of without the slightest benefit. His double rupture became steadily worse. Finally he found something that really helped him, something that promises speedy relief. He feels so grateful that he wants every ruptured person to know about his discovery. Mr. Jarvis has nothing to sell. He simply wants to help other sufferers. Call at his home or write him and he will gladly give you the benefit of his experience and will not charge you a penny.

the theory of the brotherhood of man are all wrong.

LETTER RECEIVED FROM BOY WHO IS IN RUSSIA

Lester Mull States Country is Now
Snowbound and Ports Are All
Frozen Solid

TO START HOME DURING MAY

Mr. and Mrs. Bert Mull have received an interesting letter from their son Lester, who is with the 310th Engineers, of the 1st Battalion, 85th Division, in Russia. At the time of writing, he was in Archangel and was constantly moving through the snowbound country.

He stated that he had not received any mail from the States for two months as the ports were all frozen, but was expecting to start for home as soon as the ports were

released from the ice. The letter is given herewith:

"Haven't any mail from the States for two months. We are on our way to the front and are resting at a little village enroute. There is a 'Y' here where we get biscuits and hot cocoa. We are quartered in a fine old residence and were sure glad to hit this place as we have been making from 16 to 20 miles a day on foot.

"We are going to start again in the morning and expect to reach our destination in four or five days. There isn't really much to write about except that we are seeing lots of the country and its peoples. The country is still snowbound. However, the port will open up about the 15th of May and all of us are expecting to see the U. S. A. about the month of June, as announced by the war department, so am hoping to get some mail soon."

The world's most crooked river is the Jordan, which wanders nearly 220 miles to cover sixty.

WANTED

EVERY HOG RAISER IN RUSH COUNTY to know that we have plenty of pure potent Thorntown serum at any time you want it. The serum is as good as can be made and for a recommendation, ask anybody that has used it. Every one who has vaccinating done wants the best serum he can buy, and this is guaranteed to give satisfaction.

DEMILITARIZING WAR DOGS

The war dogs of the British army, which performed innumerable fine deeds during the great war, are being demilitarized and efforts are being made to provide for their future care. A fund of \$100,000 is being raised in England for this purpose.

Sacrificed Principles to Safety.

The truth of the following story is vouched for: Henry Smith of Newton, N. J., raises chickens, but their lives are not worth a copper when they won't lay. Lately they have been taking chances, so one day recently Henry went out in the back yard and killed one. As he carried the corpse delict toward the kitchen, he observed that he was followed by a horrified pullet. "Young lady," said Henry, "off goes your head tomorrow morning if you don't lay an egg today." She couldn't. So she sacrificed her moral principles and stole an egg from the henhouse next door. Several boys say they saw her roll the egg over to her house. She is still alive.

Farmer Values Airplane.

George Kounkel, a farmer of Aylesbury, Saskatchewan, has actually ordered an airplane, and goes on record as the first farmer to adopt this vehicle in his regular business. Mr. Kounkel, who was one of the pioneer farmers in that region, believes thoroughly in agriculture by machinery, and plans to use his airplane in making trips to various cities to dispose of his farm produce. Having been the first farmer in that part of the country to buy an automobile, he apparently buys his first airplane in the same matter-of-fact business way.

EVERY CITIZEN AN AMERICAN

Women's Foreign Language Division of Victory Liberty Loan Committee Has Active Organization.

"Every citizen an American. Every American a government stockholder. Bolshevik doctrines will not flourish in the minds and hearts of those who have a proprietary interest in their government."

That is the threefold object of the newly organized woman's foreign-language division of the Victory Liberty loan, according to Mrs. Edward Bemis, director for the Seventh federal reserve district.

In reply to a question, Mrs. Bemis said: "Our foreign-born women have often had reason in the past to think we cared little for them, but now since their sons and brothers and husbands have fought side by side with ours the differences have fallen away. We are all women of one country, working to one end—a united America."

Mrs. Bemis believes there need be no lack of co-operation between the native and foreign-born inhabitants of America. She is inclined to place a large part of the responsibility for a lack of united interest at the door of the countless native Americans who stand in need of re-Americanizing. War work has shown that much of the renewed patriotism on the part of descendants of the older generations of Americans may well be learned from our patriotic foreign born.

The Council of Foreign-Language Women has been presenting "Gifts of the Nations" to the people of Chicago since the Third Liberty loan campaign. After a program attended by fifteen nationalities, the majority being Americans, one foreign-born woman said: "This is the first time since I came to America that I have been asked to do anything with the American people." Said another woman: "I always could

speak enough English to get things at the store, but never before did American ladies want to talk with me. Now I shall get books and learn to speak English like the rest of them."

"Many do not realize that the heritages of many of our foreign nationalities may well be emulated by our far newer civilization," said Mrs. Bemis. "There is an innate courtesy in some of these older countries, and they have a patriotism engendered by years of seeking the liberty found in America."

"We want to know our foreign-language neighbors for what they can teach us as much as for the service that we ourselves can render them."

"Every member of each community has an interest in supporting our government's financial program. We must bring the boys home; we must establish business for our returned soldiers and we must help this country and Europe to stand free and for peace. We women are as interested in this as men can possibly be."

The five states of the Seventh district, Michigan, Illinois, Indiana, Wisconsin and Iowa, will have a foreign-language chairman for women. Each county where there are resident foreign groups will have as county chairman a woman who understands the local needs of the various communities. Group meetings are planned for each nationality wherever it exists in considerable numbers.

"Out of this work will come—if our hearts are in it—that united interest in the service of our country which we call Americanization."

HELP "FINISH THE JOB"

Give to Enjoy Blessings of Peace. We are enjoying the blessings of victory and peace. Think of what, had we been defeated, we would be willing now to give for victory, and make your subscription to the Victory Liberty Loan accordingly.

We may speak of the Victory Liberty loan as a Peace loan, a Victory loan, or a Thanksgiving loan, but in a sense it is a Memorial loan to brave boys who died on the field of battle.

The Germans, not the Yanks, were the quitters. Help finish the job with the Victory Liberty loan.

WELCOME HOME AT MUNCIE

Muncie, Ind., April 30.—The City Council last night appropriated \$1,000 to help bear the expense of the Delaware County Welcome Home ceremonies Thursday in honor of returned service men.

The Cash Value of Public Opinion

Like a dirty, frayed collar on a man in a \$60.00 suit, an "untidy" fence discounts a fine farm in public opinion.

And as a clean collar offsets to a great extent the frayed "hand-me-down," a Page fence adds dignity and prestige to the humblest farm home.

Your banker, your storekeeper, your neighbors, the man who may be looking around to buy a farm—their opinions are based partly—sometimes strongly—upon what they see.

And their opinions have a cash value that will be a big asset to you in your business transactions with them.

A PAGE FENCED FARM IS NOT ONLY THE SIGN OF A GOOD FARMER

But is also reliable evidence that the good farmer HAS A GOOD FARM. The reputation of your farm is a business asset which deserves protection.

We sell Page, Elwood and American Fence.

We give 5% off for cash.

AMERICAN MORTALS

CARL F. PAYSON,
Sergeant, Company C, 125th
Infantry.

Sgt. Payson (deceased) received the Distinguished Service Cross for conspicuous gallantry in action with the enemy at Clerges, northeast of Chateau-Thierry, France, August 1, 1918. During the attack made by his company on the village of Clerges, Sgt. Payson was mortally wounded in the head by a machine gun bullet. He succeeded in keeping on his feet, however, and with the attacking force, he was the first to enter the village. He was killed by a machine gun bullet in the head. His body was recovered by the enemy and was taken to a hospital in Germany. He died on August 1, 1918.

Obituaries 33

Clarissa Powell, daughter of Elizabeth and Elizabeth Powell was born Mar. 4th, 1840, in Jackson Township, Rush Co. At the age of 19 years, she was married to John Jasper Goddard and located in the Goddard neighborhood where she spent the greater part of her life.

In the year 1902 she moved to Rushville, Ind., where she lived at the time of her death.

To this union were born six children four of whom survive the mother.

James Goddard of Ingalls, Kansas, deceased. George Goddard who lives west of town. Noah Goddard of Manilla, Ind.

John Goddard of Carthage, Mo., deceased. Mrs. W. E. Gardner of Battle Creek, Mich., and Julia A. Goddard who lived with her mother. There were seventeen grandchildren.

She was left to raise her six children alone, when her eldest child was 13 years old. She never remarried but successfully reared all her children to maturity.

In her early years she united with the Methodist church but later in life affiliated with the Seventh Day Adventist Faith and was a devoted christian mother.

Funeral services were conducted at the Pleasant Ridge church. Eld. Weiss of the Seventh Day Adventist Faith and Eld. Westhaver of the Methodist church officiating, and Mother was laid to rest in the Pleasant Ridge cemetery to await the Life Giver's Call.

Words of comfort were offered from Psalms 91 and kindred texts.

When the sickle of death is wielded by the merciless enemy of man The ripened sheaves are garnered In number—like so many grains of sand.

And when the life-giver comes The saints will all arise And gladly join the numberless throng Who meet their Saviour in the skies Among that number—may mother be— And the children she loved so well To witness the love, of the father above Who sent His Son, "The Story To Tell."

The expenditures a year of the United States reclamation service are about \$8,000,000.

INVEST

Many children are behind their class because of bad, unclean teeth.

Get mother to have your dentist examine your teeth and treat them if necessary.

Then ask her to get you a tube of **SENRECO**, so that you can keep your teeth clean. Senreco Tooth Paste will do more to keep teeth clean and gums healthy than anything. Accepting your dentist. Ask your dentist.

He knows SENRECO.

This fine bronze statue of Pocahontas, made by William Ordway Partridge, will be placed on the site selected for it on Jamestown Island just as soon as the Pocahontas Memorial association raises the balance of \$1,200 due on its purchase. The statue is now in the Corcoran Gallery of Art in Washington.

Cities of Crete.

There is a touch of irony in the news from Crete. Homer's "island of a hundred cities" possesses now but three towns, and two of these, Candia and Canea, find it necessary, in their growing pains, to destroy ancient monuments to make space for modern improvements. Happily there seems no disposition yet to colonize Knossos, where lie the remains of thousands and thousands of years of civilization as exalted, artistically, as the world has ever known. That old civilization makes the culture of ancient Greece seem by comparison like that of yesterday.—London Chronicle.

Ingenuous Cow.

He is a little lad, a trifle over three, and he lived in Brookside circle, Auburn, relates the Indianapolis News. The other day he saw a cow for the first time and during his inspection of the strange animal she loved. A little later he was visiting a neighbor, and told of the strange animal he had seen, and about her horns.

"How do you know it was a horn?" inquired the lady.

"Oh, I know it was a horn because she blowed it at me."

Who says that children are not original at times?

Roosevelt Trees Planted in Brooklyn

To the borough of Brooklyn fell the honor of planting the first trees to the memory of the late Col. Theodore Roosevelt. The celebration was attended by many of the ex-president's closest friends. The planting was held under the auspices of the Junior League of the American Association for the Planting and the Preservation of City Trees. This photograph shows the trees being set at Bedford park, Brooklyn.

County News

It Wards Off Croup

Never put a croupy child to bed without giving a dose of

FOLEY'S HONEY-TAR

Mother know it stops croup because it cuts the thick choking mucus, clears the throat of phlegm, stops the hoarse metallic cough, eases difficult breathing, gives quiet sleep.

Mrs. T. Henshaw, Eas. Ohio, Wis., writes: "Foley's Honey and Tar completely cured my boy of a severe attack of croup."

Mrs. Chas. Reitz, Allen's Mills, Pa., writes: "I have used Foley's Honey and Tar for the last eleven years, and would not be without it. It has saved me many a doctor's bill for cold and croup."

F. B. JOHNSON

state in the Centenary movement is the Methodist church at Milroy, which has gone over the top with their subscriptions and is thought will reach the \$22,000 mark. The quota for this church was approximately \$16,000. Rev. E. A. Robertson is in charge of the Milroy church and through this work has shown that he is backed by a membership containing many live wires. Few church in the state have gone so far over the top in this movement as the Milroy church.

CHAPTER MEETING

Rush chapter No. 24, R. A. M. will have an afternoon and night meeting Thursday, beginning at 4:30 p. m., when the Royal Arch degree will be conferred on two classes of candidates. A banquet will be served at 6:30 o'clock. Companions are urged to attend.

The music at Irish wakes was originally for the purpose of driving away evil spirits.

Auto Storage

I have room for a few more Cars at \$3.00 per month.
